

LIST OF CERTIFIED ELECTRONICS RECYCLERS FOR USE BY MISSISSIPPI STATE AGENCIES

**Mississippi Department of Environmental Quality
Solid Waste Policy, Planning and Grants Branch**

This document has been prepared in accordance with §49-2-101 et seq. of the Mississippi Code Annotated (2014) which requires the Mississippi Department of Environmental Quality (MDEQ) to maintain a list of certified electronics recyclers for use by State Agencies when disposing of electronics. According to §49-2-103 Miss. Code Ann. (2014), all State Agencies are required to use a certified recycler for disposal of electronics starting July 1, 2014. This list will be updated at least once a month and is only as accurate as the information provided on the R2 Solutions and e-Stewards Certification Program web sites at the time of update. The inclusion of a company in this list is not to be considered an endorsement by MDEQ. For more information on this listing, please contact the Solid Waste Policy, Planning and Grants Branch at 601-961-5171 or electronics@deq.state.ms.us.

Mississippi Code Annotated §49-2-101 et seq. (2014)

§ 49-2-101. Definitions

As used in Sections 49-2-101 and 49-2-103:

- (a) "Electronics" means a personal computer, computer component, audio player, videocassette player, facsimile machine, copy machine, cellular telephone, wireless paging device, or any electronic item containing an intact or broken cathode-ray tube. An electronic item containing a cathode-ray tube includes a television, computer monitor, or any other cathode-ray tube monitor or display device.
- (b) "Recycler" means a person who uses, reuses or reclaims obsolete electronic equipment and associated materials.

§ 49-2-103. Program to encourage certification of electronic recyclers; directory of certified electronic recyclers; compliance; applicability

- (1) The Department of Environmental Quality shall develop a program to encourage all electronic recyclers to become certified by demonstrating to an accredited, independent third-party auditor that they meet specific standards to safely recycle and manage electronic equipment.
- (2) The Department shall maintain a directory of recyclers meeting the accredited certification standards of Responsible Recycling Practices (R2) and the e-Stewards Standards and any recyclers who have been certified by an accredited, independent certification auditor listed by the ANSI-ASQ National Accreditation Board (ANAB) as an organization that certifies recyclers to available recycling standards.
- (3) State agencies shall use a certified recycler on the directory for the disposal of agency electronics.
- (4) The Department of Environmental Quality and state agencies shall comply with this section no later than July 1, 2014.
- (5) This section does not apply to the donation of electronics to public schools, state agencies, local governments or nonprofit organizations.
