

MDEQ JOB ANNOUNCEMENT

The Human Resources Office is accepting applications for the following job vacancy in the Office of Pollution Control.

Position: MDEQ Environmental Engineer in Training

PIN: 31

Starting Salary: \$42,827.37

Location: Waste Division – Solid Waste Permitting Branch

Minimum Qualifications:

A Bachelor's Degree in an engineering curriculum from a school or college approved by the Mississippi State Board of Registration for Professional Engineers and Land Surveyors as of satisfactory standing, preferably with courses in environmental engineering;

OR

A Master's Degree in an engineering curriculum from a school or college wherein that same engineering curriculum at the undergraduate level is approved by the Mississippi State Board of Registration for Professional Engineers and Land Surveyors as of satisfactory standing, preferably with courses in environmental engineering;

AND

A Bachelor's Degree in engineering, engineering technology, or related science curriculum of four (4) scholastic years from a school or college other than those approved by the Mississippi State Board of Registration for Professional Engineers and Land Surveyors, preferably with courses in environmental engineering.

Special Requirement:

Incumbent must possess a valid Driver's License from Mississippi or a contiguous state.

Primary Functions:

- Conduct the review of solid waste management facility permit applications and related projects and develop draft permit(s) and/or recommendations based on results of that review. Coordinate process through Electronic Data Management System, Ensite.
- Coordinate the review of the solid waste permit projects with solid waste planning staff, geologic specialists, solid waste compliance staff, air and water permit writers, and other internal and external agency reviewers.
- Manage public solicitation and input process on all assigned solid waste management permit projects.
- Provide general guidance to potential applicants on solid waste permitting application and procedures and respond to questions and requests for information by the general public and other stakeholders.
- Assist in maintaining and updating application forms, processes and procedures, regulations and guidelines as needed to improve the efficiency of the solid waste permitting process.
- Conduct other special waste duties as assigned by management.
