It is expressly understood and agreed that MDEQ assumes no responsibility whatsoever in respect to the sufficiency or accuracy of the Additional Information or of any interpretations made thereof by any person. Availability or use of such additional information shall not be a waiver of Contractor's duty to examine the site of the Work, and Contractor is cautioned to make such independent investigation as Contractor deems necessary to satisfy Contractor as to the conditions to be encountered in the performance of the Work, including but not limited to: (1) conditions bearing upon transportation, disposal, handling and storage of materials; (2) the availability of labor, water, electric power and roads; (3) uncertainties of weather, tides or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) other site conditions that may affect the Work performance.

Contractor will not be compensated for any costs associated with procuring, utilizing or carrying out commercially reasonable means to secure and protect the Work from an actual or anticipated Force Majeure Event.

In the event the Work or any portion thereof is damaged or destroyed by a Force Majeure Event, Contractor shall rebuild, repair, restore and make good all damage to such Work. Notwithstanding, and prior to final acceptance of the Work by MDEQ, Contractor shall be responsible for and bear the entire expense of rebuilding, repairing, restoring and making good any damage or loss to all Work or any portion thereof that is not considered, in MDEQ's sole discretion, "Completed Work" as defined herein.

During the progress of the Work, MDEQ, and its designee(s), shall not be liable to Contractor for any loss or damage to the Work or any part thereof, or to any material or equipment used or to be used in performing the Work or for injury or damage to any person (including workers) or damage to property from any cause.

Until final acceptance of the Work, protection of the Work used thereon shall be the sole responsibility of Contractor. Notwithstanding the foregoing, Contractor shall not be responsible for payment for loss or damage to "Completed Work" proximately caused by a Force Majeure Event, as those terms are defined in Sections 13 and 22 of the Standard Contract Terms and Conditions.

The foregoing notwithstanding, Contractor shall be entitled to retain a set of such work papers for its files. Contractor shall be entitled to use such work papers only after receiving written permission from MDEQ and subject to any copyright protections.

Except as needed to perform hereunder, the Contractor is prohibited from use of the above described information and/or materials without the express written approval of MDEQ.

unimpeded, prompt access to any of Contractor's books, documents, papers, and/or records which are maintained or produced as a result of the Project for the purpose of making audits, examinations, excerpts, and transcriptions. All records related to this Contract shall be retained by Contractor for three (3) years after final payment is made under this Contract and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this Project is commenced before the end of the three (3) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the three (3) year period, whichever is later.

17. Right to Audit.

Contractor shall maintain such financial records and other records as may be prescribed by MDEQ or by applicable federal and state laws, rules, and regulations. Contractor shall retain these records for a period of three (3) years after final payment or until they are audited by MDEQ, whichever event occurs first. These records shall be made available during the term of the Contract and the subsequent three-year period for examination, transcription, and audit by the Mississippi State Auditor's Office, its designees, or other authorized bodies.

18. Third Party Action Notification.

Contractor shall give MDEQ immediate notice in writing of any action or suit filed, and prompt notice of any claim made against Contractor by any entity that may result in litigation related in any way to the Contract.

19. Orders (verbal or written).

Whenever it is desirable by MDEQ, or its designee(s), to give Contractor directions concerning the Work, orders will be given in writing, as practicable, to Contractor or Contractor's representative in charge of the particular Work in reference to which the order is given, and such orders shall be binding on Contractor and Contractor shall comply therewith.

Any provision of the Contract notwithstanding, all orders, directions or interpretations of MDEQ or its designee(s) to Contractor shall be in writing, as practicable, and shall be given to Contractor promptly after requested by Contractor.

If Contractor believes that the order issued by MDEQ or its designee(s) entitles Contractor to a change in either the Contract Price or the Contract Time, or both, Contractor shall give MDEQ or its designee(s) written notice of a request for a change order as soon as reasonably practicable after receipt of the order by MDEQ. The written request shall state the requested change in price, or extension of the time for performance of the Work, and shall detail the basis for the request. Upon such a request, Contractor shall not be required to carry out the order of MDEQ or its designee(s) pending the execution of a Change Order unless Contractor is otherwise directed.

20. Change Orders.

- A. Generally, MDEQ may order changes in the services consisting of additions, deletions, or other revisions within the general scope of the Contract. No claims may be made by Contractor that the scope of the Project or of Contractor's services has been changed, requiring changes to the amount of compensation to Contractor or other adjustments to the Contract, unless such changes or adjustments have been made by written amendment to the Contract signed by MDEQ and Contractor. If Contractor believes that any particular work is not within the scope of the Project, is a material change, or will otherwise require more compensation to Contractor, Contractor must immediately

notify MDEQ in writing of this belief. If MDEQ believes that the particular work is within the scope of the Contract as written, Contractor will be ordered to and shall continue with the Work as changed and at the cost stated for the services within the Contract.

B. Procedures. The parties shall initiate a Change Order as follows:

i. Proposed by MDEQ/MDEQ Designee(s).

MDEQ or its designee(s) may initiate changes by submitting a proposed Change Order to Contractor. The request may include:

- a. Detailed description of the change, products, and location of the change in the Project;
- b. Supplementary or revised Drawings, and Specifications, as applicable;
- c. The projected time span for making the change;
- d. A specific period of time during which the requested price will be considered valid; and
- e. Such request is for information only, and is not an instruction to execute the changes or to stop/suspend Work in progress.

ii. Proposed by Contractor.

Contractor may initiate changes by submitting a written notice to MDEQ's or its designee(s) containing:

- a. Description of the proposed changes;
- b. Statement of the reason for making the changes;
- c. Statement of the effect on the price and time to complete applicable Work;
- d. Statement of the effect on the work of separate contractors; and
- e. Documentation supporting any change in price or time to complete applicable Work, as appropriate.

C. Documentation and information supporting Change Order.

- i. The Contractor shall support each quotation for a lump-sum proposal, and for each unit price which has not previously been established, with sufficient substantiating data to allow MDEQ or its designee(s) to evaluate the quotation.

D. Form of Change Order.

- i. The party initiating the request for a Change Order shall prepare the request on a form that meets the requirements of this Section.

- ii. A Change Order will describe changes in the Work, both additions and deletions, with attachments of revised Contract Documents to define details of the change.
- iii. A Change Order will provide an accounting of the adjustment in the Contract Sum and in the Contract Time.
- iv. MDEQ will sign and date the Change Order as authorization for the Contractor to proceed with the changes.
- v. Contractor will sign and date the Change Order to indicate agreement with the terms therein.
- vi. Changes in price will be based on:
 - a. Unit prices already established in the Bid Form;
 - b. Negotiated unit prices for items not previously established in the Bid Form; or
 - c. Negotiated lump sum prices for items not previously established in the Bid Form.

For negotiated unit or lump sum prices for items not previously established in the Bid Form, the total markup for any subcontractors and/or vendors shall not exceed ten percent (10%).

Changes in time for completion of applicable Work will be justified based on the Extension of Contract Time provision below.

21. Extension of Contract Time.

A. Time Extension

- i. The time within which to complete the Work shall be extended by MDEQ for a period of time, as may be reasonably necessary for Contractor to resume work, upon the occurrence of any of the following events: acts of God; strikes, lockouts, riots, acts of war, epidemics, pandemics, fire, earthquakes, hurricanes, tropical storms, floods, extreme tidal events or other natural disasters (a "Force Majeure Event").
- ii. Notwithstanding the foregoing, subparagraph (i) above, the time within which to complete the Work may be extended by MDEQ upon request.
- iii. Contractor shall notify the MDEQ or its designee(s) as soon as reasonably practicable from the beginning of any such delay period of the cause of the delay and request an extension of the time within which to complete the Contract by reason of the delay and specify the length of such requested extension in accordance with the Change Order provisions above.

- iv. Contractor shall not be entitled to any increase in the Contract Price and waives any claim for damages as a result of any delay, unless otherwise approved by MDEQ.

22. Modification or Amendment.

Modification, changes or amendments to the Contract may be made upon mutual agreement of the parties hereto. However, any change, supplement, modification or amendment of any term, provision or condition of the Contract must be in writing and signed by both parties hereto.

23. Final Payment.

Upon satisfactory completion of the Work performed, as a condition before final payment under the Work, Contractor shall execute and deliver to MDEQ a release of all claims against MDEQ arising under, or by virtue of, the Contract by completing the Release of Claims form provided by MDEQ. Unless otherwise provided in the Contract, by state law or otherwise expressly agreed to by the parties in the Contract, final payment for completion of the Work shall not constitute waiver of MDEQ's claims against Contractor or his sureties under the Contract or applicable performance and payment bonds.

24. Conflict of Interest.

Contractor shall immediately notify MDEQ in writing of any interests (financial, contractual, organizational, or otherwise) relating to the services to be performed under this Contract that would create any actual or potential conflict of interest (or apparent conflicts of interest) (including conflicts of interest for immediate family members: spouses, parents, children) with respect to MDEQ or the Project that would impinge on Contractor's ability to render impartial, technically sound, and objective assistance or advice or result in it being given an unfair competitive advantage. In this section, the term "potential conflict" means reasonably foreseeable conflict of interest. Contractor further certifies that it has and will continue to exercise due diligence in identifying and removing or mitigating, to MDEQ's satisfaction, such conflict of interest (or apparent conflict of interest). If such conflict cannot be resolved to MDEQ's satisfaction, MDEQ reserves the right to terminate this Contract per the Termination for Convenience section of this Contract.

25. Debarment and Suspension.

Contractor certifies to the best of its knowledge and belief that it, its corporate officers, principal owners, managers, auditors and others in a position of administering governmental funds:

- B. E. Has not, within a three year period preceding this Contract, had one or more public transactions (federal, state, or local) terminated for cause or default.

26. Representation Regarding Contingent Fees.

27. Representation Regarding Gratuities.

The bidder or Contractor represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities set forth in Section 9.105 (Gratuities) of the Mississippi Department of Finance and Administration's Procurement Manual (Public Procurement Review Board Regulations).

28. Tax Bonds.

A Tax Bond securing the prompt payment of taxes, licenses, assignments, contributions, damages, penalties, and interest thereon incurred in connection with the performance of the Contract shall also be provided and approved by MDEQ prior to commencing Work under the Contract.

Attorneys-in-fact who sign Payment Bonds, Performance Bonds, and Tax Bonds must file with each Bond a certified and effective dated copy of their power of attorney.

29. Insurance Requirements.

Contractor shall maintain during the period of performance of the contract the following liability insurance coverage and shall require its subcontractors to maintain said coverage, related to the work of the Contractor and in connection with the contract.

(A) Workers' Compensation and Employer's Liability Insurance. This insurance shall protect Contractor against all claims under applicable State workers' compensation laws. Contractor shall also be protected against claims for injury, disease, or death of employees, which, for any reason, may not fall within the provisions of a workers' compensation law. The liability limits shall not be less than the required statutory limits for workers' compensation and employer's liability limits in the amount of One Million and 00/100 Dollars (\$1,000,000.00). Contractor shall supply MDEQ endorsements from its carriers evidencing waiver of subrogation in favor of MDEQ.

(B) Comprehensive General Liability Insurance. This insurance shall include bodily injury, property damage, contractual and other standard coverage contained in comprehensive general liability insurance, in an amount of not less than One Million and 00/100 Dollars (\$1,000,000.00) per occurrence and Five Million and 00/100 Dollars (\$5,000,000.00) aggregate.

- (C) Contractors Pollution Liability Insurance. This insurance shall protect Contractor for claims for bodily injury and property damage stemming from pollution caused, by the Contractor's work or equipment. This insurance shall also cover remediation costs stemming from pollution incidents resulting from the Contractor's operations and Work under this Contract. This insurance shall have minimum limits of at least \$1,000,000.00 per occurrence and \$2,000,000.00 in the aggregate.
- (D) Auto Liability Insurance. This insurance shall be in the amount of not less than One Million and 00/100 Dollars (\$1,000,000.00) Combined Single Limit to protect it from any and all claims arising from the use of the following: (1) Contractor's own automobiles and trucks; (2) hired and non-owned automobiles and trucks; and (3) automobiles and trucks owned by Contractors. The aforementioned is to cover use of automobiles and trucks on and off the site of the Project.
- (E) Errors & Omissions/Professional Liability Coverage. This insurance shall be in the amount of not less than One Million and 00/100 Dollars (\$1,000,000.00) per occurrence and not less than Two Million and 00/100 (\$2,000,000.00) in the aggregate.
- (F) Pollution Liability Insurance. This insurance shall be in the amount of One Million and 00/100 (\$1,000,000.00) per occurrence and Three Million and 00/100 (\$3,000,000.00) in the aggregate.
- (G) Excess Liability Insurance. This insurance coverage shall be in the amount of Five Million and 00/100 (\$5,000,000.00) in excess of the insurances and limits required in this Paragraph (A-F).

Depending on the Work performed, the Contractor acknowledges by signing the Contract that additional insurance and associated coverages may be required in addition to the above listed insurances, and further, agrees to obtain and maintain any additional coverages that may be required by MDEQ or applicable state and federal law.

For all of the insurance coverage required in Paragraph 31(A)-(G), MDEQ and MDEQ's Commissioners, officers, employees, agents, and representatives, and the State of Mississippi shall be named as additional insureds or loss payee on such policies as the circumstances may require. The Contractor shall provide that the insureds thereon waive subrogation against the State of Mississippi and the said political subdivisions thereof. The parties (and their respective insurers) agree that Contractor's respective policies shall provide primary coverage before any applicable policy otherwise covering MDEQ, and any insurance covering MDEQ shall be excess coverage over the Contractor's coverage. Endorsements so stating shall be provided to MDEQ by the Contractor. The policies shall also provide for all additional insureds to be provided with a minimum 30-day written notice prior to a cancellation or modification of each respective policy.

Upon execution of the Contract, Contractor shall promptly furnish MDEQ with endorsements showing the Contractor compliance with the insurance provisions of this paragraph. While Contractor shall provide MDEQ with endorsements as set forth in this paragraph, the failure to do so, or the failure of the endorsements or insurance provided to conform to the Agreement, does not constitute waiver or estoppels as to MDEQ of their respective legal and equitable rights, including but not limited to, the right to enforce the terms of the Contract. These contractual insurance

provisions are intended to be, and shall be interpreted to be, separate and independent contractual obligations from the provisions addressing the indemnity of MDEQ by Contractor.

30. Indemnification.

To the fullest extent allowed by law, Contractor hereby agrees to defend, indemnify and hold harmless MDEQ, its Commissioners, Board Members, officers, employees, agents, and representatives, and the State of Mississippi from and/or against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever, including, without limitation, court costs, investigative fees and expenses, and attorneys' fees, arising out of or caused by the Contractor and/or its partners, principals, agents, employees and/or Subcontractor's in the performance of or failure to perform this Agreement. In MDEQ's sole discretion, Contractor may be allowed to control the defense of any such claim, suit, etc. In the event Contractor defends said claim, suit, etc., Contractor shall use legal counsel acceptable to MDEQ; Contractor shall be solely responsible for all costs and/or expenses associated with such defense, and MDEQ shall be entitled to participate in said defense. Contractor shall not settle any claim, suit, etc., without MDEQ's concurrence, which MDEQ shall not unreasonably withhold. This indemnity obligation is intended to be, and shall be interpreted to be, a separate and independent contractual obligation from the contractual provisions addressing the requirements and placement of insurance, including, but not limited to, insurance covering MDEQ.

31. No Limitation of Liability.

Nothing in this Contract shall be interpreted as excluding or limiting any tort liability of Contractor for harm caused by the intentional or reckless conduct of Contractor or for damages incurred through the negligent performance of duties by Contractor or the delivery of products that are defective due to negligent construction.

32. Recovery of Money.

Whenever, under the Contract, any sum of money shall be recoverable from or payable by Contractor to MDEQ, the same amount may be deducted from any sum due to Contractor under the Contract or under any other Contract between Contractor and MDEQ. The rights of MDEQ are in addition and without prejudice to any other right MDEQ may have to claim the amount of any loss or damage suffered by MDEQ on account of the acts or omissions of Contractor.

Any funds that are paid by MDEQ to the Contractor that are deemed ineligible or not necessary for the completion of the tasks in this Contract must be returned to MDEQ within 30 days from receiving MDEQ's written notification for return of funds.

33. Anti-Assignment/Subcontracting.

Contractor acknowledges that it was selected by MDEQ to perform the services required hereunder based, in part upon Contractor's special skills and expertise. Unless subcontractors are otherwise identified and approved in accordance with the this Section, Contractor shall not assign, subcontract, or otherwise transfer this Contract, in whole or in part, without the prior consent of MDEQ, which MDEQ may in its sole discretion, approve or deny without reason.

The failure of Contractor to comply with this Section shall render any subcontract, assignment or transfer of Contractor's obligations null and void. MDEQ shall in no way be responsible for payment for any services or supplies provided by subcontractors not identified and/or approved in accordance with this Section. Approval by MDEQ of any subcontract shall not be deemed in any

way to provide for the incurrence of any obligation of MDEQ in addition to the total fixed price agreed upon in this Contract. Subcontracts shall be subject to the terms and conditions of this Contract and to any conditions of approval that MDEQ may deem necessary. Further, MDEQ may assign its obligations under this Contract to another entity, upon such entity's agreement, in accordance with applicable state laws and regulations. Subject to the foregoing, this Contract shall be binding upon the respective successors and assigns of the parties.

34. Confidential Information.

- A. Information Designated by Contractor as Confidential. Any disclosure of those materials, documents, data and other information, which Contractor has designated in writing as proprietary and confidential shall be subject to the provisions of Miss. Code Ann. §§ 25-61-9 and 79-23-1. As provided in this Contract, the personal or professional services to be provided, the price to be paid, and the term of the Contract shall not be deemed to be a trade secret or confidential commercial or financial information. Any liability resulting from the wrongful disclosure of Confidential Information on the part of Contractor or its subcontractor shall rest with Contractor. Disclosure of any Confidential Information by Contractor or its subcontractor without the express written approval of MDEQ shall result in the immediate termination of this Contract.
- B. Public Records. Notwithstanding any provision to the contrary contained herein, all Parties recognize that MDEQ is a public agency of the State of Mississippi and is subject to the Mississippi Public Records Act. Miss. Code Ann. §§ 25-61-1 *et seq.* If a public records request is made for any information provided to MDEQ pursuant to this Contract and designated by the Contractor in writing as trade secrets or other proprietary confidential information, MDEQ shall following provisions of Miss. Code Ann. §§ 25-61-9 and 79-23-1 before disclosing such information. MDEQ shall not be liable to Contractor for disclosure of information required by court order or required by law.
- C. Disclosure of Confidential Information. In the event that either party to this Contract receives notice that a third party requests divulgence of Confidential Information or otherwise protected information and/or has served upon it a subpoena or other validly issued administrative or judicial process ordering divulgence of Confidential Information or otherwise protected information, that party shall promptly inform the other party and thereafter respond in conformity with such subpoena to the extent mandated by law. This section shall survive the termination or completion of this Contract. The parties agree that this section is subject to and superseded by Mississippi Code Annotated §§ 25-61-1 *et seq.*
- D. Exceptions to Confidential Information. Contractor and the State shall not be obligated to treat as confidential and proprietary any information disclosed by the other party (“**Disclosing Party**”) which is:
- i. Rightfully known to the recipient prior to negotiations leading to this Contract, other than information obtained in confidence under prior engagements;
 - ii. Generally known or easily ascertainable by nonparties to this Contract;
 - iii. Released by the Disclosing Party to any other person, firm, or entity (including governmental agencies or bureaus) without restriction;

- iv. Independently developed by the recipient without any reliance on confidential information;
- v. Part or later becomes part of the public domain or may be lawfully obtained by the State or Contractor from any nonparty; or
- vi. Disclosed with the Disclosing Party's prior written consent; or
- vii. otherwise required to be disclosed by law.

37. Temporary Suspension of Work.

MDEQ or any other governmental agency with jurisdiction shall have the authority to suspend the Work wholly or in part, for such period as it may deem necessary due to: (1) unsuitable weather, (2) such other conditions as are considered unfavorable for the suitable prosecution of the Work. For these circumstances, the Contractor may be entitled to an adjustment in Contract Times and Contract Price if the delay prohibits the Contractor from completing the Work within the Contract Times. Any such suspension ordered by MDEQ shall be within its sole discretion. Contractor shall immediately cease Work upon such order of MDEQ's Executive Director or representative and shall not resume the Work until ordered by MDEQ

MDEQ, its designee(s), or any other governmental agency with jurisdiction may temporarily suspend work for failure on part of Contractor or any Subcontractor to carry out orders given by MDEQ pursuant to the Contract or to perform any provisions of the Work in the manner prescribed by the Contract. Any such suspension by MDEQ shall be within its sole discretion. Contractor shall immediately cease Work upon such order of MDEQ's Executive Director or representative and shall not resume the Work until ordered by MDEQ. Contractor shall not be entitled to additional time or increase in the Contract Price and waives any claim for damages as a result of any such suspension of work for these reasons.

38. Termination.

The Contract may be terminated as follows:

A. Termination Upon Bankruptcy or Default:

The Contract may be terminated in whole or in part by MDEQ upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors. In the event of such termination, Contractor (or Bonding Company) shall be paid an amount for satisfactory work actually performed pursuant to the Contract, but in no case shall said compensation exceed the total Contract price.

B. Termination Due to Non-Performance By Third Party:

The Contract may be terminated in whole or in part by MDEQ upon written notice to Contractor if the purpose, performance or completion of the Work becomes materially altered, frustrated or impossible due to a third party, (public or private entity) outside of the control of MDEQ, not performing or satisfying an activity or operation necessary for the Work to be accomplished. This provision shall not apply to the subcontractors or suppliers of Contractor, which are addressed separately. MDEQ shall specify the effective date of such termination. In the event of a termination under this provision, the Contractor shall be paid an amount for satisfactory work actually performed in connection with the

Contract if a Notice to Proceed has been issued. If a Notice to Proceed has not been issued prior to such termination, the termination will be without damage, penalty, costs or expenses to MDEQ of any kind whatsoever and the Contractor waives any claim for payment or damages as a result.

C. Termination for Convenience:

MDEQ may terminate the Contract, in whole or in part, for any reason after giving written notice to Contractor of such termination and specifying the effective date thereof, at least ten (10) days before the effective date of such termination. Contractor shall be paid an amount for satisfactory work actually performed in connection with the Contract, but in no case shall said compensation exceed the total Contract price.

Upon receiving notice of termination, Contractor shall incur no further obligations in connection with the terminated work, and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. MDEQ may direct Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to MDEQ. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

D. Termination for Default:

(i) Default. If Contractor refuses or fails to perform any of the provisions of this Contract with such diligence as will ensure its completion within the time specified in this Contract or any extension thereof or otherwise fails to timely satisfy the Contract provisions or commits any other substantial breach of this Contract, MDEQ may notify Contractor in writing of the delay or nonperformance. If delay or nonperformance is not cured in ten (10) days or any longer time specified in writing by the MDEQ officer or representative, MDEQ may terminate Contractor's right to proceed with the Contract or such part of the Contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the procurement officer may procure similar supplies or services in a manner and upon terms deemed appropriate by MDEQ. Contractor shall continue performance of the Contract to the extent it is not terminated and shall be liable to MDEQ for excess costs incurred in procuring similar goods or services.

(ii) Contractor's Duties. Notwithstanding termination of the Contract and subject to any directions from MDEQ, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.

(iii) Compensation. Payment for completed services delivered and accepted by the State shall be at the Contract Price. The State may withhold from amounts due Contractor such sums as MDEQ deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

(iv) Excuse for Nonperformance or Delayed Performance. Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this Contract in accordance with its terms (including any failure by

Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified MDEQ as soon as possible after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the Contract requirements. Upon request of Contractor, MDEQ shall ascertain the facts and extent of such failure. If MDEQ determines that any failure to perform was occasioned by any one or more of the excusable causes and that, but for the excusable cause, Contractor's progress and performance would have met the terms of the Contract, the delivery schedule be revised accordingly, subject to the rights of MDEQ under the section entitled "Termination for Convenience." (As used in this paragraph of this section, the term "subcontractor" means subcontractor at any tier.)

(v) Erroneous Termination for Default. If, after notice of termination of Contractor's right to proceed under the provisions of this section, MDEQ determines for any reason that the Contract was not in default under the provisions of this section or that the delay was excusable under the provisions of subparagraph (iv) (Excuse for Nonperformance or Delayed Performance) of this section, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to such section.

Notwithstanding any of the foregoing provisions, Contractor shall not be relieved of liability to MDEQ for damages sustained by MDEQ by virtue of any breach of the Contract by Contractor, and MDEQ may withhold any payments to Contractor for the purpose of set off until such time as the exact amount of damages due MDEQ from Contractor are determined. MDEQ may also pursue any remedy available to it in law or in equity.

39. Antitrust.

By entering into this Contract, Contractor conveys, sells, assigns, and transfers to MDEQ all rights, titles, and interest it may now have, or hereafter acquire, under the antitrust laws of the United States and the State that relate to the services purchased or acquired by MDEQ under this Contract.

40. Procurement Regulations.

The Contract shall be governed by the applicable provisions of the Public Procurement Review Board Regulations.

41. Compliance with Miss. Code. Ann. § 31-5-37.

Pursuant to Miss. Code. Ann. § 31-5-37, from the date written notice of the contract award is received and until ten (10) business days after the receipt of the employment plan by the Mississippi Department of Employment Security ("MDES"), the Contractor and any subcontractor shall not hire any personnel to fill vacant positions for this project except residents of the State of Mississippi who are to be verified by MDES and/or those qualified individuals who are submitted by MDES. However, the Contractor or subcontractor is authorized to employ Mississippi residents to begin work immediately if such persons are verified by MDES after employment by the Contractor or subcontractor. During the ten (10) day period, the MDES shall submit qualified individuals to the Contractor to consider for the vacant positions. The Contractor shall review the individuals

submitted by MDES before hiring individuals who are not submitted by MDES. The contract award shall be vacated if the Contractor fails to comply with the provisions of Miss. Code Ann. § 31-5-37.

42. E-Verification.

If applicable, Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act of 2008 and will register and participate in the status verification system for all newly hired employees. Miss. Code Ann. §§ 71-11-1, *et seq.* The term “employee” as used herein means any person that is hired to perform work within the State. As used herein, “status verification system” means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance. Upon request of the State of Mississippi and after approval of the Social Security Administration or Department of Homeland Security, when required, Contractor agrees to provide a copy of each such verification. Contractor further represents and warrants that any person assigned to perform services hereafter meets the employment eligibility requirements of all immigration laws. The breach of this Contract may subject Contractor to the following:

- A. Termination of this Contract for services and ineligibility for any state or public Contract in Mississippi for up to three (3) years with notice of such cancellation/termination being made public;
- B. The loss of any license, permit, certification or other document granted to Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year; or
- C. Both. In the event of such termination/cancellation, Contractor would also be liable for any additional costs incurred by the State due to Contract cancellation or loss of license or permit to do business in the State.

43. E-Payment.

Contractor agrees to accept all payments in United States currency via the State of Mississippi’s electronic payment and remittance vehicle. MDEQ agrees to make payment in accordance with Mississippi law on “Timely Payments for Purchases by Public Bodies,” which generally provides for payment of undisputed amounts by the Agency within forty-five (45) days of receipt of invoice. Mississippi Code Annotated 31-7-301, *et seq.*

44. Pay Mode.

Payments by state agencies using the State’s accounting system shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited into the bank account of Contractor’s choice. The State, may at its sole discretion, require Contractor to electronically submit invoices and supporting documentation at any time during the term of this Agreement. Contractor understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.

45. Transparency.

This Contract, including any accompanying exhibits, attachments, and appendices, is subject to the "Mississippi Public Records Act of 1983" and its exceptions. See Miss. Code Ann. §§ 25-61-1 *et seq.* and Miss. Code Ann. § 79-23-1. In addition, this Contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Miss. Code Ann. §§ 27-104-151, *et seq.* Unless exempted from disclosure due to a court-issued protective order, a copy of this executed Contract is required to be posted to the Department of Finance and Administration's independent agency Contract website for public access at <http://www.transparency.mississippi>. Information identified by Contractor as trade secrets or other proprietary information, including confidential vendor information, or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes will be redacted. The personal or professional services to be provided, the price to be paid, and the terms of this Contract shall not be deemed to be a trade secret or confidential commercial or financial information.

46. Waiver.

MDEQ may waive any provision, in whole or in part, of this Contract not otherwise required by law. Failure by MDEQ, at any time, to enforce the provisions of the Contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the Contract or any part thereof or the right of MDEQ to enforce any provision at any time in accordance with its terms.

47. Governing Law.

The Contract shall be construed and governed in accordance with the laws of the State of Mississippi, without regard to its conflicts of laws, and the laws of the United States of America, and venue for the resolution of any dispute shall be brought in the appropriate state or federal court located in Jackson, Hinds County, Mississippi.

48. Compliance with Laws.

Contractor understands that MDEQ is an equal opportunity employer and therefore maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, or any other consideration made unlawful by federal, state, or local laws. All such discrimination is unlawful and Contractor agrees during the term of the Contract that Contractor will strictly adhere to this policy in its employment practices and provision of work performed pursuant to the Contract. Contractor shall comply with, and all activities under this Agreement shall be subject to, all applicable federal, state, and local laws and regulations, as now existing and as may be amended or modified. Contractor shall immediately report in writing to MDEQ any discrepancy or inconsistency in the Contract Documents that appear to violate or be contrary to the then existing applicable federal, state and local laws. Contractor shall ensure that any person assigned to perform services hereunder meets the employment eligibility requirements of the immigration and naturalization laws including but not limited to the Immigration Reform and Control Act of 1986.

51. Reference to Statutes.

Whenever reference is made to the provision of any statute or law in the Contract Documents, such reference applies to any amendment or change in such statute or law now existing, but to become operative sometime after the signing of the Contract.

52. Headings.
The captions or headings in the Contract are for convenience only, and in no way define, limit or describe the scope or intent of any provision or section of the Contract.

53. Severability.
If any part of this Contract is declared to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provision of the Agreement that can be given effect without the invalid or unenforceable provision, and to this end the provisions hereof are severable. In such event, the parties shall amend the Agreement as necessary to reflect the original intent of the parties and to bring any invalid or unenforceable provisions in compliance with applicable law.

54. Disputes.
Before pleading to any judicial system at any level, Contractor must exhaust all administrative remedies. A written complaint of any claim or dispute not otherwise resolved by the procedures outlined in the Contract Documents must first be sent to the Executive Director of MDEQ within thirty (30) days of the Contractor being aggrieved by the decision of MDEQ or its representative(s). The decision of the Executive Director shall be reduced to writing and a copy thereof mailed or furnished to Contractor. Pending non-resolution of the complaint at this point, successive administrative remedies will include bringing the complaint before the Mississippi Commission on Environmental Quality pursuant to Mississippi Code Annotated Section 49-17-35, with appeals from the Commission's decision following procedures as outlined in Miss. Code Ann. Section 49-17-41.

For any disputed claim over \$100,000, and as a prerequisite to the claim proceeding through MDEQ's administrative remedies and in court, a registered officer of the Contractor shall provide the following certification to MDEQ upon filing the initial written complaint with the Executive Director:

"I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes MDEQ is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."

55. Professional Fees and Expenses.
If MDEQ incurs attorneys' fees, costs or expenses (including, without limitation, court costs, investigative fees, engineering fees, accounting fees, and other professional service fees) in order to enforce any of the terms or conditions of this Contract or because of the breach of this Contract by the Contractor, MDEQ shall be entitled to recover its reasonable attorneys' fees, costs and such expenses from Contractor if MDEQ is the prevailing party (whether by suit, negotiation or settlement).

56. Oral Statements.
