Florance Watson of the Environmental Permits Division presented information to the Board regarding the issuance of a Large Construction Stormwater General NPDES Permit, MSR106411, Rankin County, Mississippi, and the issuance of a 401 Water Quality Certification WQC2014002. Ms. Watson stated that the purpose for this project is to build a 12 foot tall high fence structure to provide a place to hunt and raise exotic game. The area is located on approximately 390 acres within the property owned by McClain Lodge in Rankin County, Mississippi. A public hearing on this project was held July 22, 2014. Concerns raised were similar to the ones raised during the application public notice period which included flooding, health, water quality, safety zoning and decreased property values. The applicant was penalized in September, 2013 for failure to obtain a Large Construction Stormwater Coverage before commencement of land disturbing activities. This violation resulted in a \$15,000 penalty and was subsequently paid. On March 18, 2014, during a site visit MDEQ determined no additional work had occurred in the disturbed soil areas. Staff's recommendation is to issue these two (2) permits.
