Surface Mining Permit:

**Lee Allen and Associates, LLC, Application (No. A1929) for a
Surface Mine Permit and for a Certificate of Coverage under the
Large Construction Storm Water General Permit, Hinds County**

In October 2015, MDEQ received a notice of exempt operations from Lee Allen and Associates, LLC (“Lee Allen”) for a four acre pit on Northside Drive, in Hinds County, Mississippi. In February 2016, Lee Allen notified MDEQ of its intent to expand the pit and submitted an application for a surface mining permit and a notice of intent for seeking a Certificate of Coverage under the Large Construction Storm Water General Permit. MDEQ held a community meeting at which several citizens expressed concerns regarding the impact the mine would have on existing flooding problems in the Presidential Hills Subdivision. MDEQ staff provided notice to the Mississippi Emergency Management Agency which had no comments.

Ms. Shondra Frazier and Ms. Rae Evelyn Hansford addressed the Permit Board with their concerns that the mine would exacerbate erosion and flooding problems in the Presidential Hills Subdivision, and also noted concerns regarding noise from the mine. Ms. Frazier was concerned

that surface mining would be allowed in the City. Mr. Karl Banks spoke on behalf of Lee Allen as well as Jimmy Vickers with Warnock and Associates. Mr. Banks stated that the mine would install a retention area to address potential flooding. Mr. Vickers indicated the site would have storm water controls including silt fencing and sediment detention basins. MDEQ staff did not believe that expansion of the mine would exacerbate flooding.

On motion by David Snodgrass and seconded by Dennis Riecke, the Permit Board voted to close the meeting to discuss whether to go into executive session. On motion by Leslie Royals, seconded by Jan Boyd, the Permit Board voted to go into executive session. The Permit Board reopened the meeting to inform the public that the Permit Board had voted to go into executive session. The Permit Board then went into executive session where it discussed the matter. On motion by Leslie Royals, seconded by Jim Lipe, the Board voted to end the executive session and upon motion by David Snodgrass and seconded by Jan Boyd, the Board voted to return to open session.

On motion by Dennis Riecke and seconded by Jim Lipe, the Permit Board voted to continue the matter and instructed Lee Allen to submit the following: documentation from the City of Jackson reflecting that surface mining on the property is allowed under the City's zoning ordinances; and, an engineering analysis comparing the current storm water runoff with projected runoff after all proposed storm water control practices have been implemented. (Michael Bograd abstained).

OTHER BUSINESS

Mr. Roy Furrh informed the Permit Board that there were requests for a formal evidentiary hearing regarding the Unified Waste (Starlanding) Rubbish Site in DeSoto County. Mr. Furrh advised the Board that the Hearing would likely be scheduled either for May 10, 2016, or June 14, 2016, during the regular monthly Permit Board Meeting.

Mr. Furrh also informed the Permit Board that, according to the Mississippi Ethics Commission, the Statement of Economic Interest that must be signed by all Permit Board Members, and submitted by May 1, 2016, applies to the year 2015.
