**THE PERMIT BOARD CONSIDERED THE FOLLOWING
OFFICE OF POLLUTION CONTROL MATTERS:**

Municipal & Private Facilities

Meridian POTW

**Consideration of request for a public hearing in Meridian, MS
Consideration of the Reissuance of NPDES Permit MS0020117**

Mr. Roy Furrh, MDEQ's General Counsel, indicated the Permit Board was previously provided with a written request from Mr. Austin Dan Check for a public hearing in Meridian to the Permit Board members regarding the proposed reissuance of NPDES Permit #MS0020117 to the City of Meridian, Mississippi. Mr. Furrh noted that Mr. Check was invited to the Board meeting to present his request for a public hearing to the Board through MDEQ correspondence dated August 16, 2016. Mr. Check was not present at the meeting to present his request for a public hearing. In his written request for a public hearing, Mr. Check cited Meridian's compliance history; MDEQ Executive Director Gary Rikard formerly represented Meridian; allegations that the full information on the proposed reissuance was not on the MDEQ website; and the alleged connected relationships between Meridian, Marion and Dale wood Sewer District. In response, Mr. Furrh indicated EPA is in the process of dealing with Meridian's compliance issues through a negotiated consent decree with the City; the Executive Director of MDEQ was not involved in the processing of Meridian's permit reissuance application and also was appointed on September 1, 2014, which was before Meridian submitted its permit reissuance application on December 22, 2014; the MDEQ website provides permit information as a courtesy; and the permits for Marion and the Dale wood Sewer District involve separate permitting processes from Meridian's proposed reissuance. Mr. Check was the only person who requested a public hearing. MDEQ staff recommended that the Permit Board deny Mr. Check's public hearing request because of the lack of sufficient cause and significant public interest.

On motion by Howard Leach and seconded by Jim Hoffmann, the Permit Board voted to accept the MDEQ staff recommendation and deny the request for a public hearing in Meridian which was requested by Mr. Check.

Thereafter, Mr. Bradley Crain of MDEQ's Environmental Permits Division presented the proposed reissuance of NPDES Permit #MS0020117. On December 22, 2014, the City of Meridian submitted an application for the reissuance of an NPDES permit for the City's two wastewater treatment facilities located in Lauderdale County on 2304 Highway 11 South and 3900 Old Highway 45 North in Meridian, MS. The permit would allow for a discharge of 13 million gallons per day of treated wastewater into Sowashee Creek. The treated effluent will be stored in a reservoir and used for cooling equipment and power steam generators. This can result in limited discharges to Sowashee Creek. A public notice was initiated for the above referenced permit on July 9, 2015. During the public notice period MDEQ received one letter of concern during the comment period. The letter was received from Mr. Austin Dan Check. Mr. Check was notified of the Permit Board meeting and was informed that if the Permit Board denied his public hearing request, Meridian's proposed permit reissuance would be presented to the Permit Board at this meeting. Mr. Check was not present at the September 13, 2016, Permit Board meeting and no one else spoke regarding the proposed reissuance. MDEQ staff recommended the reissuance of NPDES Permit #MS0020117.

On motion by Leslie Royals and seconded by Jim Hoffmann, the Permit Board voted to accept MDEQ staff recommendation to reissue NPDES Permit #MS0020117 to Meridian.

Agriculture Branch

Wenger Farms

Issuance of Coverage under the AFO General Permit #MSG201887, Noxubee County

Mr. Harry Wilson, Chief of the Environmental Permits Division, advised the Permit Board that Blane Wenger, the owner of Wenger Farms applied for coverage under the State of Mississippi Dry Litter Poultry Animal Feeding Operation (AFO) Multimedia General Permit (No. MSG 201887) and Large Construction Storm Water General Permit (No. MSR107212) located in Noxubee County. On June 30, 2016, MDEQ received a Large Construction Notice of Intent, a Construction Storm Water Pollution Prevention Plan, a Dry Litter Poultry Notice of Intent and a Comprehensive Nutrient Management Plan all developed by the Natural Resources Conservation Service. The applicant proposes to construct four poultry houses which will house a total of 46,000 breeders. All of the dry litter from the poultry facility will be transferred off site. The applicant sent out contiguous landowner notifications as required by the General Permit. MDEQ received four letters of concern from Mr. and Mrs. Raymond Cumberland, Mr. and Mrs. Jack Kinard, one from Mr. George Perry Robbins, Jr., and one from Mr. Jeremy S. Robbins. Mr. and Mrs. Cumberland are concerned about health risks, property value and general air quality. Mr. and Mrs. Kinard are concerned about health issues, odor, and property value. The Robbins are concerned about air and noise pollution. There were no visitors present to speak against permit issuance.

Mr. Wilson stated that MDEQ had inspected the facility on August 9, 2016, with a follow up inspection on September 7, 2016, and concluded that the facility met requirements of the laws and regulations, including the regulatory siting criteria. Mr. Wilson recommended issuance of coverages under the AFO General Permit and the Large Construction Storm Water General Permit.

On motion by Julie McLemore and seconded by Howard Leach, the Permit Board voted to accept the staff's recommendation to issue the permit coverages.
