Surface Mining Application

Krystal Gravel applied for a permit to open pit mine 10.78 acres, to a total depth of 35 feet, for sand and gravel. MDEQ submitted the permit application to public notice and extended the notice period 15 days after discovering that Ms. Montra McDonald, who lives next to the site, did not receive the initial public notice. Ms. McDonald addressed the Permit Board and stated that she was opposed to the proposed surface mine based on concerns about dust, erosion and negative impacts to her property. Mr. Michael Morris, a representative of Krystal Gravel, briefly explained the process in which this site would be mined and assured the Permit Board that a water truck would be present at all times to contain the dust. Mr. James Matheny with MDEQ advised the Board that there was a 77.5-foot buffer between the permit boundary and the excavation which met the regulatory siting criteria. Mr. Matheny presented a map to the Permit Board depicting the required buffer from the permit boundary to the excavation. Mr. Matheny stated that according to the reclamation plan submitted by the applicant, that the applicant would concurrently reclaim the mined areas. MDEQ will not release the reclamation bond if there is erosion on the site.

The Permit Board, on motion by Dennis Riecke and seconded by Bill Moody, voted to approve the issuance of the following surface mining permit application: (Mike Bograd abstained).

EVIDENTIARY HEARING

Renaissance at Colony Park, LLC - Section 401 Water Quality Certification (No. WQC 2015041) and Large Construction Storm Water General NPDES Permit Coverage (No. MSR 107191) Madison County, Mississippi

The matter before the Permit Board was a formal evidentiary hearing regarding the Permit Board's issuance of a Section 401 Water Quality Certification (No. WQC 2015041) and Coverage under the Large Construction Storm Water General NPDES Permit (No. MSR 107191) to Renaissance at Colony Park, LLC for a commercial development in Ridgeland, Madison County, Mississippi. Petitioner Steve Maloney, resident of a subdivision near the proposed development, requested the hearing so the Permit Board could reconsider its action on June 30, 2016, to issue the certification and coverage to Renaissance.

Frank Spencer, a former Assistant Attorney General, served as the Hearing Officer. The Mississippi Department of Environmental Quality ("MDEQ") was represented by its General Counsel Roy Furrh and Senior Attorney Lisa Ouzts. Renaissance was represented by John Brunini and Hart Knight of the Butler Snow law firm. Petitioner Steve Maloney, who is also an attorney, represented himself. MDEQ pre-filed direct testimony through the affidavits of Michael Griffith, P.E. and Florance Bass, P.E., and pre-filed rebuttal testimony through the affidavit of Florance Bass. Renaissance pre-filed direct testimony through the affidavits of Walt Dinkelacker, Andrew Mattiace, and pre-filed rebuttal testimony through the affidavits of Walt Dinkelacker and Billy Colson. Petitioner Maloney submitted pre-filed direct testimony of Derek Henderson and pre-filed direct and rebuttal of William Drinkwater. However, Mr. Maloney withdrew Mr. Henderson's testimony and the Hearing Officer excluded Mr. Drinkwater's testimony upon motion by MDEQ. All witnesses, other than those either withdrawn or excluded, were present at the hearing and were tendered for cross-examination by the opposing parties, for questioning by the Permit Board, and for redirect.

Mr. Furrh advised the Permit Board that the Hearing Officer ruled on several motions during a pre-hearing proceeding. Specifically, the Hearing Officer granted the following motions: MDEQ's Motion and Supplemental Motion to Strike the pre-filed direct and rebuttal affidavits of William Drinkwater; MDEQ's Motion to Exclude the Potential Adverse Testimony of Andrew Mattiace regarding purchase price, MDA financing, TIF financing, and email and testimony regarding the zoning appeal; MDEQ's Motion to Exclude the Potential Adverse Testimony of Keith O'Keefe, Cynthia James, Phillip Jones, Mayor Gene McGee, and an unknown representative of Costco; MDEQ's Motion to Quash Subpoena issued for Andrew Mattiace, to the extent that such testimony pertains to purchase price, MDA financing, TIF financing, and email and testimony regarding the zoning appeal; MDEQ's Motion to Quash Subpoenas issued for Keith O'Keefe, Cynthia James, Phillip Jones, Mayor Gene Magee, and an unknown Costco Representative; and MDEQ's Motion to Exclude the following documents: flood damage prevention ordinance; ordinance for storm water runoff; illicit discharges and illegal connections; MDA Order; and TIF application papers. Mr. Spencer's Order granting the motions was entered as an exhibit to the hearing record.

OTHER BUSINESS

General Counsel Roy Furrh advised the Board that there are two surface coal mines located in Mississippi, one in Choctaw County and the other in Kemper County. MDEQ administers the surface coal mining laws and regulations under the authority of the U.S. Department of Interior's Office of Surface Mining Reclamation and Enforcement ("OSM"). OSM is requiring key employees at MDEQ who have decision making authority over regulation of surface coal mines to file a form OSM-23, which is entitled the "Statement of Employment and Financial Interests." MDEQ has had discussions with OSM regarding the form. OSM has stated that because the Permit Board makes decisions regarding issuance and denials of permits to surface coal mines, the Permit Board members must complete form OSM-23. The form requires each Permit Board member to disclose certain information such as employment, securities owned, real property interests, debts, but there are some exclusions.

Each permit board member should complete the form for the calendar year 2015. Mr. Furrh stated that he would send a follow-up email and would be available to answer any questions.

Mr. Furrh also advised the Board that the evidentiary hearing for Drying Facility Assets Holdings, Pearl River County, scheduled for the December 13, 2016, Permit Board meeting has been rescheduled for the upcoming March 2017 Permit Board meeting upon agreement of all parties.
