OFFICE OF POLLUTION CONTROL MATTERS:**

Agricultural Branch

**Issuance of Coverage under the AFO General Permit
#MSG201908, Jones County**

**Issuance of Coverage under Large Construction Storm Water General Permit
#MSR107275, Jones County**

Mrs. Tracy Tomkins, of the Environmental Permits Division, advised the Permit Board that Tommie L. Landrum II, the owner of Tommie L. Landrum II Poultry, applied for coverage under the State of Mississippi Dry Litter Poultry Animal Feeding Operation Multimedia General Permit (No. MSG201908) and Large Construction Storm Water General Permit (No. MSR107275) located in Jones County. On September 22, 2016, MDEQ received a Large Construction Notice of Intent, a Construction Stormwater Pollution Prevention Plan, a Dry Litter Poultry Notice of Intent, and a Comprehensive Nutrient Management Plan developed by the Natural Resources Conservation Service ("NRCS"). The applicant proposes to disturb approximately 12 acres of land to construct six poultry houses which would house a total of 138,000 broilers. All dry litter from the poultry will be transferred off site.

The applicant sent out contiguous landowner notifications as required by the General Permit. MDEQ received eleven letters of concern from Ryan and Lauren Hilbun, Ms. Lisa Bridwell, Mr. Jimmy A. Ellzey, Mr. Jimmy Ellzey, Ms. Melissa Ellzey, Ms. DeAnna Ellzey, Ms. Shirley L. Ellzey, Mr. Stephan Arleaux, Luther and Sharon Donald, and Steven and Linda McLaurin. All letters indicated concern about gopher tortoises in the area, a stream running through the property, and health concerns, particularly asthma. Mr. Luther Donald, who owns adjacent property, and Mr. Ryan Hilbun, who owns property across the street from the proposed poultry farm, were present and spoke against permit issuance. The owner was present and answered questions posed by the Permit Board and objectors. The owner stated that he is providing a 1,000-foot buffer zone which is more than the 600 feet required by the regulations.

Mrs. Tomkins stated that MDEQ had inspected the facility and concluded that the facility met requirements of the laws and regulations including the regulatory siting criteria. Mrs. Tomkins stated that the opponents are more than double the buffer distance away from the proposed poultry houses. She also stated that NRCS did not find any evidence of gopher tortoises on the site. Mrs. Tomkins recommended issuance of coverages under the AFO General Permit and the Large Construction Storm Water General Permit.

On motion by Chris McDonald and seconded by Dennis Riecke, the Permit Board voted to accept the staff's recommendation to issue the permit coverages. Permit Board members Leslie Royals and Howard Leach voted against the motion. Mr. Furrh advised the opponents that they could request a formal evidentiary hearing regarding the Permit Board's action and stated he would be available after the meeting if they had any questions regarding how to request a hearing.
