

MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY
OFFICE OF POLLUTION CONTROL
WASTE TIRE MANAGEMENT PROGRAM

**PERMIT APPLICATION INFORMATION FOR
WASTE TIRE MANAGEMENT FACILITIES**

NOTICE TO APPLICANT

Prior to submittal of this permit application, the proposed waste tire management facility must be included in or consistent with the local solid waste management plan developed by the local government. This process may vary depending upon the type of facility proposed. For more information, refer to the document "Guidance For Modifying A Local Solid Waste Management Plan" or contact our Department for more information.

The Mississippi Waste Tire Management Regulations require that a waste tire management permit be obtained to operate a waste tire processing and/or collection facility. The submittal and approval of a permit application is required in order to obtain such a permit for any new or proposed expansion of a waste tire management facility. To apply for a waste tire management permit, complete "Part I – General Information" of this application and the appropriate "Part II – Attachments and Operational Data" permit application form. The Part II application form will vary based on the type of facility (fixed processing facility, mobile processor, collection site, etc.) being proposed. Include all maps, engineering drawings and other required information with the application and submit this information in duplicate, preferably in a 3-ring binder to the Department.

Applications should be sent to the Mississippi Department of Environmental Quality at one of the following addresses:

BY MAIL

**Mississippi Department of
Environmental Quality
Office of Pollution Control
Waste Tire Management Program
P.O. Box 2261
Jackson, MS 39225**

BY HAND DELIVERY

**Mississippi Department of
Environmental Quality
Office of Pollution Control
Waste Tire Management Program
515 Amite Street
Jackson, MS 39201**

Should a permit be issued to operate the proposed waste tire management facility, the permitted facility must be operated in accordance with all the applicable state regulations and permit requirements. The Mississippi Department of Environmental Quality reserves the right to request additional information as determined necessary. Questions regarding waste tire management facilities should be directed to the Waste Tire Program of the Environmental Permits Division at (601) 961-5171.
