MEMORANDUM

TO: Kuhlman Electric Site File
Crystal Springs, MS

FROM: Tony Russell *TR*

DATE: August 1, 2005

SUBJECT: Conversation with Regina Lewis – July 25, 2005

I spoke with Regina Lewis (601-892-8751 or 601-613-9977) on Monday, July 25, 2005 concerning her residence located at 208 Camp Street. Nutt & Associates told her to call MDEQ about getting her soil tested.

I informed Ms. Lewis that MDEQ was getting several phone calls since the law suit was settled. MDEQ was not going to be able to sample the properties due to budgetary shortfalls. MDEQ was gathering information as to the validity to the calls and we would pass the information on to KEC.

Her residence is not located in the drainage discharge from Kuhlman; therefore, for contaminated soil to be present it would have to be physically transported to this location.
