Mississippi Department of Environmental Quality
Office of Pollution Control
Underground Storage Tank Section

**Listing of Companies By State and City
That Provide Underground Storage Tank
Related Services in Mississippi**

Included are companies providing the following types of underground storage tank (UST) related services: environmental consultants, environmental drillers, leak detection companies, precision tank tightness testers, UST equipment suppliers, wastewater laboratories, tank lining companies, corrosion experts, thermal soil treatment companies, companies with persons certified to install, repair, and permanently close USTs, and companies with persons certified to only permanently close USTs. The list is not guaranteed to be comprehensive of companies providing services in the state of Mississippi nor is it meant to imply state approval of the work provided in the following areas: environmental consultants, environmental drillers, leak detection companies, precision tank tightness testers, UST equipment suppliers, wastewater laboratories, tank lining companies, companies with a corrosion expert, and thermal soil treatment companies.

IMPORTANT NOTE

Companies who install, repair, and/or permanently close UST systems must have someone on the UST job site who is certified by the Department of Environmental Quality to install, repair, and/or permanently close UST systems.
