

Mississippi Household Drug Collection Program

Sponsored by the Mississippi Department of Public

Locations are open across the state:

**Monday through Friday;
8am to 5pm**

Accepting all expired prescription medicines and vitamins (liquid or solid form).

Prescription Drugs present significant dangers to citizens

The Mississippi Department of Public Safety (DPS) has set up drop off locations around the state of Mississippi for disposal of unwanted, expired, and unused household medications at the agency's Driver's License Renewal Locations. Citizens may bring unwanted prescription and over-the-counter drugs, vitamins, and other similar medicinal items (liquid or solid form) to any of the participating locations so the drugs may be disposed of safely.

Medication Drop-Offs are located at all Driver's License Testing Centers in the State.

Look for a Green Kiosk (pictured right) or Metal Safe Drop-Box (pictured below) at your local location.

Unused drugs that are stored around the home may present a danger to people as well as to the environment when disposed. Removing unused medications from the home can help prevent intentional misuse and unintentional poisonings of children and pets. However, dumping these medications down the drain or flushing it down the toilet can become a source of water contamination. Research is continuing into whether such water contamination adversely

impacts human health or aquatic life.

Because of these potential concerns, MDEQ encourages citizens to participate in this drop-off program for your expired or other unused drugs.

For a location nearest you, please find an alphabetical listing of drop-off locations on the reverse side of this sheet.
