* These landfills meet the minimum standards and requirements for the disposal of regulated asbestos containing materials under the Federal NESHAP guidelines. Please note that these facilities may choose not to accept asbestos containing materials, therefore the landfill should be contacted prior conducting the disposal activity. Asbestos containing materials originating from residential structures may have additional disposal options. Please contact Mr. Trent Jones (601-961-5726) with the Solid Waste Permitting Branch or Tommy Moody (601-961-5355) with the Asbestos Projects Branch for additional information.
