INTRODUCTION

Listed in this report are the names of the topographic maps (topo maps, 7.5-minute quadrangles) that provide coverage of counties, national forests, large state lakes, wildlife refuges and management areas, the coast, the Natchez Trace Parkway, the Mississippi River, and the Tennessee-Tombigbee Waterway.

All of these maps are available for sale from the **Map and Publications Sales Office** of the **Office of Geology**, Mississippi Department of Environmental Quality. We have coverage of the whole state and all maps are kept permanently in stock.

There are no individual county topographic maps available for counties in Mississippi.

Map Scale is 1:24,000.

Individual maps cover approximately 8.6 miles north-south. Map widths are slightly narrower in the northern part of the state than the southern part. They cover a minimum of approximately 7.12 miles wide at the Tennessee state line and gradually become wider to a maximum of approximately 7.52 miles wide at the coast. Maps at the northern extent of the state cover approximately 61.2 sq. miles and those at the coast are approximately 64.7 sq. miles.

Maps are 22" x 27" in size.

Contours and elevations are shown in feet.

Water depths are not shown in lakes. Where there was a topographic survey prior to a man-made lake's construction then contours may be shown as *elevation* but *not* water depth.

Some of the maps predate the designation of some wildlife management areas and refuges, and hence do not show boundaries of these.

Property ownership is not shown on these maps.

ORDERING INSTRUCTIONS

When ordering maps, please ask for the quadrangles by name. (The numbers listed are file numbers used by the Office of Geology, and have no other meaning.)

MAPS are \$5.00 EACH

POSTAGE AND HANDLING CHARGES:

Folded maps:

Orders of 1 to 3 maps, add \$2.00 total

Orders of 4 to 10 maps, add \$3.50 total

Rolled maps:

Orders of 1 to 3 maps, add \$5.00 total

Orders of 4 to 10 maps, add \$6.00 total

Add \$0.10 for each additional map over 10 maps; orders over 10 maps will be rolled.

PAYMENT (including postage and handling charge) MUST ACCOMPANY AN ORDER

PLEASE MAKE **CHECKS** PAYABLE TO **OFFICE OF GEOLOGY:**

(Credit cards not accepted)

Jackson, MS 39289-1307

*****NO REFUNDS; NO EXCHANGES*****

ACKNOWLEDGMENTS

Thanks go to Mr. Michael B.E. Bograd, Barbara Yassin, and Dr. Clare Falcon of the Mississippi Office of Geology for assistance with editing and document formatting. Thanks are also due to Mr. Randy Spencer at the Mississippi Department of Wildlife, Fisheries, and Parks for his assistance with the Wildlife Management Areas.

COUNTIES

Listed here are the topographic maps required to give complete coverage of the county. There is overlap with neighboring counties. Thus, to cover Leake County, 16 maps are required, and 16 maps are required for Neshoba County. But these are adjoining counties, so complete coverage of both counties can be obtained by purchasing only 28 maps due to the overlap.

There are no county topographic maps available for counties in Mississippi.

Adams County (20 maps)

104	Lake Mary
205	Natchez
247	Pine Ridge
308	Lower Sunk Lake
328	Spokane
409	Washington
766	Deer Park
