**April 10, 2018**

**Amendments to 11 Miss. Admin. Code, Part 1, Chapter 5.**

MDEQ staff is recommending that the Permit Board adopt proposed amendments to the Permit Board's administrative procedure regulations, 11 Mississippi Administrative Code, Part 1, Chapter 5. The amendments directly align requirements of the Mississippi Environmental Permit Board's makeup with requirements of the Federal Clean Air Act. This action, in conjunction with actions by the Mississippi Commission on Environmental Quality, will allow EPA to remedy partial-disapprovals of recent state plan submittals to address requirements for the National Ambient Air Quality Standards under the Clean Air Act. A public hearing was held on March 5, 2018 after a 30-day public comment period. No verbal comments were received at the public hearing. Written comments were received and have been provided to the Permit Board for their consideration. Staff recommends that the Permit Board adopt the proposed amendments.
