

“THE VALUE OF P2 AND SAFER CHOICE”

Pollution Prevention (P2) Webinar hosted by the Mississippi Department of Environmental Quality and the Environmental Protection Agency

Want to minimize your operation’s impact on the environment? Looking for cleaning and other products with safer ingredients? EPA’s Safer Choice initiative helps consumers, businesses, and purchasers find products that perform and are safer for human health and the environment.

At the completion of this webinar, attendees should be able to:

- All manufacturers and businesses
 - Explain the need for and purpose of the EPA Safer Choice Program
 - Understand the basic classes of products covered by Safer Choice
 - Use the EPA’s online search tool to find safer substitutions for harmful products
 - Understand Safer Choice’s ingredient-level criteria
- Manufacturers of applicable products
 - Understand how to identify safer substitution ingredients for your product(s)
 - Understand the process for having your products certified to receive the Safer Choice label

Webinar Presenter:

Daphne Wilson, P2 Coordinator, EPA Region 4 (Atlanta)

When:

Tuesday, June 26 at 1:00 p.m. CDT

Cost:

There is no charge for the webinar, but registration is required.
