

**MINUTES OF THE MISSISSIPPI ENVIRONMENTAL QUALITY PERMIT BOARD
HELD IN JACKSON, MISSISSIPPI, ON TUESDAY, FEBRUARY 11, 2020**

The Mississippi Environmental Quality Permit Board held a meeting in the Commission Hearing Room of the Department of Environmental Quality, located at 515 East Amite Street, on February 11, 2020. Chris McDonald, Chair, called the meeting to order at 9:00 a.m. with the following members and designated representatives present:

Chris McDonald for Andy Gipson, Chair
Jennifer Wittmann for Joe Spraggins, Vice Chair
Les Herrington
Dennis Riecke for Dr. Sam Polles
Chris Hawkins for Kay Whittington
David Snodgrass for Jess New
David Dockery

Roy Furrh, General Counsel for MDEQ, was present as legal counsel. On motion by Dennis Riecke and seconded by Jennifer Wittmann, the minutes of the January 14, 2020, meeting were approved by the Permit Board.

REPORT OF STAFF PERMIT ACTIONS/CERTIFICATIONS

Staff reported to the Permit Board that staff had acted on various permits since the January 14, 2020, Permit Board Meeting pursuant to the regulations delegating this authority to the Executive Director of the Mississippi Department of Environmental Quality and the Executive Director's delegation of this authority to the staff in accordance with those regulations. The Permit Board voted to note and record in its minutes the reports of permit actions and certifications by staff since the January 14, 2020, Permit Board Meeting. [Chris Hawkins abstained from voting on all Land and Water Resources permitting matters and David Dockery abstained from voting on all Geology permitting matters].

Mississippi Lignite Mining Company

Red Hills Mine – Choctaw County

Surface Coal Mining Permit Application	MS-004
Wastewater – NPDES Reissuance and Modification	MS0054046
401 Water Quality Certification	WQC 2018043

The Mississippi Lignite Mining Company (MLMC) applied for a Surface Coal Mining Permit, renewal and modification of its National Pollutant Discharge Elimination System (NPDES) Wastewater Permit, and a Clean Water Act Section 401 Water Quality Certification allowing it to conduct surface mining activities in Mine Area 3 of its Red Hill Mine. The MLMC mine is located approximately five miles north of Ackerman, Mississippi, in Choctaw County.

Mr. James Matheny, Director of the Mining and Reclamation Division of MDEQ's Office of Geology, presented the Surface Coal Mining Permit application to the Permit Board. Mr. Matheny stated the proposed Mine Area 3 is a multiple lignite seam surface mining operation that will include 4,163 acres within the proposed permit area. The mine is designed to supply 3.3 to 3.6 million tons of lignite per year through 2030 to the nearby Red Hills Power Plant. MLMC will be required to reclaim the mined area by backfilling and grading to approximate original contour with a proposed mining land use of forestry interspersed with wildlife habitat.

Mr. Matheny stated that MDEQ went to public notice on the draft surface coal mining permit on August 9, 2019, and held a public hearing on October 10, 2019. An adjacent landowner and the Sierra Club submitted comments during the public comment period which ended on October 19, 2019. MDEQ submitted a Response to Comment document and the draft surface coal mining permit to the Permit Board for the Board's review prior to the meeting.

Ms. Becky Williams, Manager of MDEQ's Permitting Water II Branch, presented the NPDES permit reissuance and modification application and the Water Quality Certification application to the Permit Board. Regarding the NPDES permit, Ms. Williams stated the proposed modification for the mine expansion included three new outfalls. Proposed permit MS0054046 includes discharge of treated sanitary wastewater as well as stormwater drainage from active surface mining areas, surface mining reclamation areas, lignite stock pile areas, and areas where coal combustion ash is utilized. Ash would be obtained from the Choctaw Generation Limited Partnership Red Hills Generation Facility and is regulated through Beneficial Use Determination #0015 by MDEQ's Waste Division.

Ms. Williams stated the NPDES permit went to public notice on December 13, 2019, advising the public of a 30-day public comment period and of a public hearing regarding the draft NPDES permit to be held on January 14, 2020. MDEQ extended the public notice period to January 21, 2020. No one submitted comments at the public hearing; however, the Sierra Club submitted written comments with multiple exhibits during the comment period, and requested denial of the permit. MDEQ submitted Sierra Club's comments and exhibits, a Response to Comments document, MDEQ's proposed NPDES permit and permit rationale, and two topographical maps identifying the outfall locations to the Permit Board for the Board's review prior to the meeting.

Ms. Williams also presented the Clean Water Act Section 401 Water Quality Certification application to the Permit Board. She stated the proposed mine expansion would impact approximately 56,950 linear feet of ephemeral streams, 57,297 linear feet of intermittent streams, 5,376 linear feet of

perennial streams, 10.28 acres of forested wetlands, 19.87 acres of non-forested wetlands, and 9.13 acres of ponds during the anticipated life of the mine. Because of these impacts to jurisdictional waters, MLMC was required to obtain a Clean Water Act Section 404 permit from the U.S. Army Corps of Engineers. The joint public notice, notifying the public of the Section 401 Certification and the Section 404 permit, began on October 4, 2018. MDEQ did not receive any public comments during the public notice period. Ms. Williams stated that the Section 401 Certification would require the applicant to re-establish the streams on-site following mining activities and to mitigate the unavoidable loss of jurisdictional wetlands by purchasing credits from an approved mitigation bank. MDEQ provided a copy of the public notice, the draft Section 401 Certification, and a draft Section 401 Certification rationale to the Permit Board for the Board's review prior to the meeting. In response to a question by Permit Board member Dennis Riecke, Ms. Florance Bass, Manager of MDEQ's 401/Stormwater Branch, stated some mitigation would occur concurrently with project construction and some would occur during reclamation. Also, in response to Mr. Riecke, Ms. Williams stated the Permit Board previously granted MLMC an extension until February 1, 2022, to comply with water quality criteria for selenium. The permit requires MLMC to submit interim reports regarding selenium.

No visitors commented regarding the proposed permits and Certification. Mr. Matheny stated MDEQ staff recommended issuance of the surface coal mining permit and Ms. Williams stated MDEQ staff recommended issuance of the NPDES permit renewal and modification and the Certification.

Upon motion by Les Herrington and seconded by Dennis Riecke, the Permit Board voted to approve the surface coal mining permit. The surface coal mining permit number will be MS-004. (David Dockery abstained).

Upon motion by Dennis Riecke and seconded by Chris Hawkins, the Permit Board voted to approve the renewal and modification of NPDES Permit No. MS0054046. (David Dockery abstained).

Upon motion by Dennis Riecke and seconded by Les Herrington, the Permit Board voted to approve the Water Quality Certification. The Water Quality Certification number will be WQC2018043. (David Dockery abstained).

OTHER BUSINESS

MDEQ's General Counsel, Roy Furrh, reminded the Permit Board members to provide, as soon as possible, the updated designation letters from their Agency heads. Also, the Mississippi Ethics Commission requires each Permit Board member to file a Statement of Economic Interest annually online through the Mississippi Ethics Commission website, and the statement is due on the first of May 2020.

CONFIRMATION OF THE NEXT REGULAR PERMIT BOARD MEETING

Chair Chris McDonald confirmed that the next Regular Meeting will be held on March 10, 2020.

MEETING ADJOURNED

There being no further business to come before the Permit Board, Chair Chris McDonald adjourned the meeting.

DATED at Jackson, Mississippi, this the 11th day of February, 2020.
