

**MINUTES OF THE MISSISSIPPI ENVIRONMENTAL QUALITY PERMIT BOARD
HELD IN JACKSON, MISSISSIPPI, ON TUESDAY, MAY 12, 2020**

The Mississippi Environmental Quality Permit Board held the meeting electronically May 12, 2020. A copy of the Public Notice of the Meeting is attached to the minutes. The Public Notice provided a ZOOM teleconference link and a telephone call-in number, which allowed the public to participate in the meeting either by computer or by telephone. Chris McDonald, Chair, called the meeting to order at 9:00 a.m. with the following members and designated representatives present:

Chris McDonald for Andy Gipson, Chair
Jennifer Wittmann for Joe Spraggins, Vice Chair
Les Herrington
Dennis Riecke for Dr. Sam Polles
Chris Hawkins for Kay Whittington
David Snodgrass for Jess New
David Dockery

Roy Furrh, General Counsel for MDEQ, was present as legal counsel. On motion by Chris Hawkins and seconded by Jennifer Wittmann, the minutes of the April 14, 2020, meeting were approved by the Permit Board.

REPORT OF STAFF PERMIT ACTIONS/CERTIFICATIONS

Staff reported to the Permit Board that staff had acted on various permits since the April 14, 2020, Permit Board meeting pursuant to the regulations delegating this authority to the Executive Director of the Mississippi Department of Environmental Quality and the Executive Director's delegation of this authority to the staff in accordance with those regulations. The Permit Board voted to note and record in its minutes the reports of permit actions and certifications by staff since the April 14, 2020, Permit Board Meeting. [Chris Hawkins abstained from voting on all Land and Water Resources permitting matters and David Dockery abstained from voting on all Geology permitting matters].

**Modification of Quad County Landfill Permit (Quad County Environmental Solutions, LLC)
SW0470010580, Marshall County**

Trent Jones, Manager of the Solid Waste Permitting Branch in the Waste Division at MDEQ, presented the proposed modification of the solid waste management permit for the permitted Quad County Landfill, owned by Quad County Environmental Solutions, LLC and located in Marshall County. Mr. Jones stated Permit Board members received a summary memo, the draft permit, the permit rationale document and a copy of the public notice by email last week.

Mr. Jones stated the Quad County Landfill is located at 850 Wingo Road near Byhalia, Mississippi, in Marshall County. The landfill was originally permitted by the Permit Board on July 10, 2018, and is currently under construction. The landfill is permitted to accept and dispose of nonhazardous municipal solid wastes from commercial and industrial sources only. The original permit did not authorize the disposal of solid wastes from residential sources.

Mr. Jones stated Quad County requested a modification to the permit that would allow the landfill to also accept nonhazardous municipal solid wastes from residential sources, such as individual households and apartment complexes. Prior to submitting the application for the proposed permit modification to MDEQ, Quad County requested approval for the modification from the Solid Waste Authority of Marshall County. The Authority adopted a resolution approving the modification of the Marshall County Solid Waste Management Plan to allow the Quad County Landfill to also accept nonhazardous solid wastes from residential sources on December 13, 2018, after a local public input process and local public hearing. No other changes to the previously approved size, design, or operations of the landfill were proposed or have been determined by the Department to be necessary at this time.

Mr. Jones also stated based on reviews of the applications and the supporting documents, the staff developed a draft solid waste management permit for the proposed modification. MDEQ advertised a 30-day public comment period from April 2, 2020, through May 5, 2020. As required by the Mississippi Nonhazardous Solid Waste Management Regulations, MDEQ also held an online public hearing on April 30, 2020, to receive comments on the proposed operations and draft permits. No public comments were received during the online public hearing or during the public comment period.

In closing, Mr. Jones stated staff evaluated the permit application, the supporting documents, and information regarding the proposed modification, and stated under the constraints and limitations within the proposed permit, the facility could operate within all state and federal laws and regulations. Consequently, staff recommended to the Permit Board that the modified Solid Waste Management Permit No. SW0470010580 be issued to Quad County Environmental Solutions, LLC for the operation Quad County Landfill.

Mr. Dennis Riecke, Permit Board Member, asked whether there was separate rubbish disposal, and Mr. Trent Jones explained there was also a rubbish site operation.

No online visitors commented on the proposed permit modification.

Upon motion by Dennis Riecke and a second by Les Herrington, the Permit Board voted to approve the issuance of the solid waste permit with modification.

**THE PERMIT BOARD CONSIDERED THE FOLLOWING
OFFICE OF GEOLOGY MATTERS:**

Mining and Reclamation Division

Surface Mining Application

Mr. Ron Porter, with the Surface Mining and Reclamation Division of MDEQ’s Office of Geology, presented Baker Ready Mix & Construction, LLC, surface mining permit application (No. A2038) to the Permit Board. The operator, Baker Ready Mix & Construction, LLC, proposed to open pit mine 24-acres to a total depth of 20 feet for borrow material. Sediment and erosion will be controlled by diversion berms and rock checks. Reclamation will consist of 3 to 1 grassed slopes. If approved, the new permit number will be P20-002.

Mr. Porter stated that during the Application and Public Notice processes two letters of concern were received. One from Ms. Sebrenia Miller and the other from Ms. Ruby Perry, mother and neighbor, of Ms. Sebrenia Miller. Their concerns of dust coming from Greensboro Road were provided to the operator, and the operator responded to both complainants. In addition to the operator’s response, MDEQ provided an information packet to the complainants via Federal Express containing the Public Notice and the May 12, 2020, Permit Board Meeting Agenda. The complainants received the packet and informed Mr. Porter they would not participate in the May 12 Permit Board Meeting.

Mr. Porter also stated Baker Ready Mix placed crushed limestone rock in the existing potholes with the permission of Winston County District 1 Supervisor, Mr. Burr Warner. Baker Ready Mix entered into an agreement with Mr. Warner in which they both agreed to prioritize public safety. Thus, the operator will water Greensboro Road to minimize dust when hauling material from the Baker Ready Mix mine. In addition, Baker Ready Mix will add material and maintain the area in the interest of Greensboro Road and focusing on public safety.

Mr. Chris McDonald, Chair, asked if anyone online had any questions, support or opposition to this permit application. No online visitors commented on the proposed permit application.

Mr. McDonald also asked Mr. Porter had any other complainants come forth with any concerns to the County Supervisors. Mr. Porter confirmed MDEQ had not received any other notices of concerns.

Upon motion by Chris Hawkins and a second by Jennifer Wittman, the Permit Board voted to approve the issuance of the surface mining permit. (David Dockery abstained)

Surface Mining Bond Releases

The Permit Board, on motion by Dennis Riecke and a second by Les Herrington, voted to accept and approve staff’s recommendations on the following bond releases: (David Dockery abstained)

All South Construction Company
Philadelphia, Neshoba County (No. P99-071A)

Mr. James Matheny, Director of the Surface Mining and Reclamation Division of MDEQ’s Office of Geology, presented a proposed surface mining bond release for All South Construction Company, (Permit No. P99-071A). This is an 11-acre open pit mine for sand and clay, which is located in Neshoba County, approximately 5 miles south of Philadelphia. Mr. Matheny stated the site is fully reclaimed with 3 to 1 grassed slopes. He stated the operator received an earlier bond release totaling 20%. The operator requested a final 80% bond release, and MDEQ staff recommended the same.

Mr. Matheny stated there were online visitors present who wished to speak on this proposed bond release. Online visitors, Mr. Corris Matthews, complainant, and Mr. Walt Stinson with All South

Construction Company, discussed photos provided to the Permit Board Members prior to the meeting voicing different opinions on present vegetation as described in the reclamation plan.

Mr. Chris McDonald, Chair, asked the Permit Board if there were any comments or questions for Mr. Mathews or Mr. Stinson, and there were none.

Mr. McDonald requested Mr. Matheny to verify photos in question are of the site and the vegetation shown in the photos were considered to meet the reclamation standards required for the bond release. Mr. Matheny referred to the 2018 and 2014 aerial photos of the referenced site and indicated the site met reclamation standards.

Mr. Matthews requested to speak again to express his concern over the site's condition over the past four years. Mr. Matthews stated his understanding that a civil action could be undertaken whereby a landowner could call the bond and reclaim the land themselves. So Mr. Matthews inquired whether the bond could be called by him (Mr. Matthews) as the owner of the land, such that the funds would be released to him.

Mr. Lampton, Senior Attorney for MDEQ, responded that the purpose of the bond is the reclamation of the land; and if the land is reclaimed then there is no longer any purpose for the bond. Mr. Lampton added that, in cases where reclamation is not completed by the operator, only MDEQ could call the bond, and the bond cannot be called by any other party, and must be used only for the reclamation of the land, and for no other purpose.

Mr. Matthews stated his belief that the land was not reclaimed, and that he is against releasing the bond. Mr. Stinson stated that All South Construction Company had done everything MDEQ asked of them to reclaim the property according to MDEQ standards.

Mr. McDonald asked the Permit Board if there were any additional comments or questions for Mr. Mathews or Mr. Stinson, and there were none.

Upon motion by Dennis Riecke and a second by David Snodgrass, the Permit Board voted to approve the issuance of the surface mining bond release. (David Dockery abstained)

OTHER BUSINESS

MDEQ's General Counsel, Roy Furrh, stated the meeting was properly noticed by posting the notice to the MDEQ website, posting the notice on the front doors of the Amite Street and North State Street locations, and the notice will be reflected in today's minutes.

Mr. Furrh also stated the evidentiary hearing regarding a water quality certification issued to the Mississippi State Port Authority has been postponed and has not yet been rescheduled. However, Mr. Furrh stated there would be a motion hearing before the Permit Board's Hearing Officer between counsel for all parties and the Hearing Officer at 2:00 pm today, May 12, 2020, through Zoom teleconference.

Lastly, Mr. Furrh stated upon the end of next month's Permit Board Meeting scheduled for June 9, 2020, Permit Board Officer elections would be held for the next fiscal year, which begins July 1, 2020.

CONFIRMATION OF THE NEXT REGULAR PERMIT BOARD MEETING

Chair Chris McDonald confirmed that the next Regular Meeting will be held on June 9, 2020.

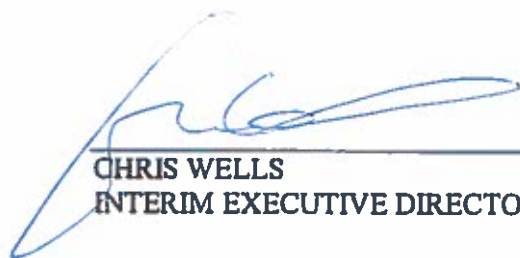

MEETING ADJOURNED

There being no further business to come before the Permit Board, Chair Chris McDonald adjourned the meeting.
