

How do I get my project idea in the Mississippi restoration project idea portal?

Step 1: Visit <https://www.mdeq.ms.gov/restoration/project-portal/>.

Step 2: Scroll down and click on blue bar: “TO SUBMIT OR EDIT PROJECT IDEAS CLICK HERE.”

TO SUBMIT OR EDIT PROJECT IDEAS CLICK HERE

Step 3: Submit your project idea. Visit the **Mississippi Restoration Project Information Sheet – Guidelines for Completion** to learn about the required information necessary to submit a project.

Project ideas from the portal are reviewed regularly for funding consideration under each funding stream. Portal project ideas may be combined together with other portal project ideas to develop a project to meet a particular restoration need. Submittal of a project idea does not guarantee that it will be selected for funding and/or implementation.
