

Mississippi Pollution Prevention (P2) Program Annual Leadership Roundtable Workshop

*Wednesday, February 24, 2021
Beginning at 10:00 AM*

Agenda

10:00-10:30 **Welcome and Introductions**
MDEQ P2 and enHance Program Update
Mark Williams, Waste Division Chief - MDEQ, and Khairy Abu-Salah, P2 Program Coordinator - MDEQ

MDEQ staff will update enHance members on the New EPA Priority Areas/Grant Conditions, and state plans to address these priority areas. Staff will also discuss current P2 program issues and plans.

10:30-11:30 **MDEQ Regulatory Updates**
Chris Messemore – Permitting Update/Water Update
Krista Caron – Hazardous Waste
Mark Williams – Solid Waste and Recycling
Melissa Fortenberry – Air Update

Mr. Messemore will moderate briefings on upcoming regulatory issues and expectations for the new administration

11:30-12:00 **COVID's Impact on Your EMS/P2 Program Goals**
Yolonda Boone, MMA-MEP

Ms. Boone will lead a roundtable discussion on the impacts that COVID has had for members on meeting pollution prevention and waste reduction goals and on implementing aspects of facility environmental management systems.

12:00-12:30 **enHance Annual Workshop Planning**
Mark Williams, Waste Division Chief - MDEQ

Mr. Williams will lead a discussion seeking input on the upcoming enHance Annual Workshop, including input on possible themes, topics of interest and presenters for the annual workshop. MDEQ will also solicit interest in those members that would be willing to serve on the Workshop Planning Subcommittee

12:30-1:00 **Break for Lunch**

1:00-2:00 **Evolving with the Times: Tackling Knowledge Transfer**
Sam Newbill, Director Environmental, Health, and Safety - Hood Industries

Mr. Newbill will present on the efforts by Hood Industries to transfer, transition and translate information to an ever changing work force.

***Earn up to 3.5 Continuing Education Hours for professional certifications**
