Re: Agreement Not to Use Private Groundwater Well on Property

Subject: 142 Shelby Street
Hattiesburg, Mississippi 39401
PPIN 10321, Parcel ID 2-037N-23-003.00

This letter is to summarize and to document the agreement between yourself and Resinall Corp that you will not utilize the private well on your property for the calendar year of 2021. Resinall Corp and the MDEQ believe that continued quarterly sampling of this well during 2021 would provide valuable data. Until complete, we also believe it is best if the private well not be utilized between samples. As such, we ask that you not use your private well for the remainder of 2021 and until results from the final set of samples taken are received.

We have spoken with you and you have agreed to this approach. We also agreed to a one-time payment of \$450.00 as compensation for this agreement to not utilize the well during 2021. In addition, in recognition that you did not use the well during calendar year 2020, we will also add a one-time payment of \$450.00 as compensation for the 2020 non-use. This will bring the total for this payment to \$900.00. A signature page is attached to this letter to document this agreement and receipt of payment.

We appreciate your continued cooperation in this study.

Sincerely,

Jerry R. Johnson
Resinall Corp
