**Perimeter Bulkhead Repairs** - This will repair the perimeter bulkhead located on the south side of the site that was damaged in Hurricane Zeta and other storms. The current condition is that a portion of the bulkhead is leaning southward with broken tie-rods. There is separation between individual bulkhead panels with soil escaping to the Mississippi Sound. Repairs will strengthen the wall and its foundation to prevent failure of the wall.

**Usages of Funds: Dredging & Breakwater Restoration** - Rebuild the functionality of the Broadwater Marina by restoring the necessary channel and basin depth of 8' below MLW. Funds will replace the western breakwater, and the eastern breakwater with a series of underwater jet pumps, which will aid in the movement of material into the basin.

**Gulfport-Biloxi Airport Project Ready site in which an airport owned vehicle fleet maintenance facility is located.** (Attachment #2) With the planned aeronautical industrial use of the 241-acre site, the Airport intends to redevelop the site into a new facility located on the south side of the property and to be shovel ready for future development.

**Gulf Coast Workforce Connect**

- **Metro Development**
  - **New**
    - **Project Name**: Gulf Coast Workforce Connect
    - **Description**: The project includes infrastructure needs for the redevelopment of the existing derelict marina into a world-class marina. This application for RESTORE Act funds will provide bulkhead repair, dredging, and infrastructure improvements necessary to succeed in the 21st century. As a primary provider of job-focused education and training, Gulf Coast Workforce Connect seeks to provide a facility that would serve as the connection for colleges and industries.

**Gulf Coast Workforce Connect**

- **New**
  - **Project Name**: Gulf Coast Workforce Connect
  - **Description**: The facility and the Gulf Coast Workforce Connect program are built to industry specifications and are designed to meet the technical training needs of the Gulf Coast's growing workforce. The building will feature multiple classrooms and labs: welding, HVAC, electrical, and more. The building also will feature technology enhanced (aka, HyFlex) classrooms that allow for seamless synchronous communication with students, incumbent workers, and business/industry remotely. That is, the HyFlex classrooms will allow stakeholders to remotely engage in class activities.

**Gulf Coast Workforce Connect**

- **New**
  - **Project Name**: Gulf Coast Workforce Connect
  - **Description**: The project consists of the following infrastructure improvements, expansions and upgrades to the existing utility infrastructure system: welding and robotics. However, MGCCC identified solutions to teach classes, train workers, and ensure skill attainment remotely. The wealth of experience in teaching students and training highly skilled workers positioned MGCCC to offer solutions to this need.

**Gulf Coast Workforce Connect**

- **New**
  - **Project Name**: Gulf Coast Workforce Connect
  - **Description**: The project development program includes redeveloping the former Broadwater Beach Hotel, Marina, and Golf Course into a 266-acre tourism and recreational complex with a world-class performing arts and entertainment venue. The project will also feature technology enhanced (aka, HyFlex) classrooms that allow for seamless synchronous communication with students, incumbent workers, and business/industry remotely. That is, the HyFlex classrooms will allow stakeholders to remotely engage in class activities.

The Jackson County Economic Development Foundation, a private 501(c)(3) development corporation whose primary purpose is to address the economic development needs of Jackson County and its municipalities, the Jackson County Economic Development Foundation is planning for a major facility expansion at the Trent Lott International Airport. This expansion will continue the growth and trend of strategic investments at Stennis Airport to improve our regional cluster.

The Jackson County Economic Development Foundation recently began work on building design and site work for the Phase I-JALBTCX project which will be complete and ready for bid by January 2022. Our existing tenants such as Department of Defense (DOD) and Pay.gov, will be able to expand and locate new tenants and projects.

The DOD 18,000SF Maintenance New Repair and Overhaul Hangar ($5.4M) will open in 2022; 6175SF General Aviation Hangar ($850K) in FY22 and formal application for licensure to the FAA for use of Hancock Stennis Airport as a commercial service airport. DOD is working on additional hangars and taxiway improvements at the site.

In FY23 the new General Aviation Hangar for DOD ($2.2M) and a new 12,000SF DOD Maintenance Hangar ($3.6M) will be permitted, designed and constructed.

Hancock County Port & Harbor Commission (HCPHC) has recently begun work on the Phil Bryant Aviation and Aerospace Academy at Stennis International Airport which will include an additional 18,000SF hangar to train and improve our region's talent for the aerospace and aviation industries.

In FY23 HCPHC recently began work on building design and site work for the Phase I-JALBTCX project which will be complete and ready for bid by January 2022. Our existing tenants such as Department of Defense (DOD) and Pay.gov, will be able to expand and locate new tenants and projects.
