DECISION JUSTIFICATION		
Basis of Decision	Original basis for listing was incorrect. Data collected in the current data assessment window (1/1/2016-12/31/2020) indicate the water body is not impaired. Using the binomial method according to CALM methodolgy, the calclated percentage of exceedances is less than the 10% required to violate the criteria or screening level for all relevant characteristics. Therefore, the water body is attaing the use and should be delisted. Future discharges and/ or expansions will be evaluated through our WQBEL process to protect current water quality conditions.
