

MINUTES OF THE MISSISSIPPI ENVIRONMENTAL QUALITY PERMIT BOARD HELD IN JACKSON, MISSISSIPPI, ON TUESDAY, DECEMBER 12, 2023

The Mississippi Environmental Quality Permit Board held a meeting in the Commission Hearing Room of the Department of Environmental Quality, located at 515 East Amite Street, in Jackson, Mississippi, on December 12, 2023. David Dockery, Chair, called the meeting to order at 9:00 a.m. with the following members and designated representatives present:

Doug Mann for Lynn Posey, Vice Chair
Chris Hawkins for Kay Whittington
Jennifer Wittmann for Joe Spraggins
Chris McDonald for Andy Gipson
Les Herrington
David Snodgrass for Jess New

Permit Board member Les Herrington, on behalf of the Mississippi Environmental Quality Permit Board, offered heartfelt and sincere condolences to Krystal Rudolph Beasley's husband Danny, her extended family, her work family at MDEQ, and her team at the Environmental Permits Division on the sudden and tragic passing of Krystal Rudolph Beasley. Mr. Herrington recognized Krystal's consummate professionalism before the Board which was consistent and provided confidence in the Board's deliberations. He mentioned Krystal's impact as a person; an encourager; mentor; and a friend to all who knew her. In recognition of Krystal's contributions to the protection of Mississippi's citizens and environment, the Board recognized her life with a moment of silence.

Roy Furrh, General Counsel for MDEQ, was present as legal counsel. On motion by David Snodgrass and second by Chris McDonald, the Permit Board voted to approve and adopt the minutes of the regular Permit Board meeting held on November 14, 2023.

REPORT OF STAFF PERMIT ACTIONS/CERTIFICATIONS

Staff reported to the Permit Board that staff had acted on various permits since the November 14, 2023, Permit Board Meeting pursuant to the regulations delegating this authority to the Executive Director of the Mississippi Department of Environmental Quality and the Executive Director's delegation of this authority to the staff in accordance with those regulations. The Permit Board voted to note and record in its minutes the reports of permit actions and certifications by staff since the November 14, 2023, Permit Board Meeting. [Chris Hawkins abstained from voting on all Land and Water Resources permitting matters and David Dockery abstained from voting on all Geology permitting matters].

**THE PERMIT BOARD CONSIDERED THE FOLLOWING
OFFICE OF GEOLOGY MATTER:**

Mining and Reclamation Division

Surface Mining Permit Transfer

On motion by Jennifer Wittmann and second by Doug Mann, the Permit Board voted to accept MDEQ staff recommendation presented by James Matheny, MDEQ, Office of Geology, Director of the Mining and Reclamation Division, and approve the recommended transfer of surface mining permit P15-005 from Pearidge Road Gravel, LLC to HKL Investments LLC in Grenada County. Chair David Dockery abstained. HKL Investments LLC provided the proper bonding and transfer forms. The new surface mining permit number is P15-005T.

Surface Coal Mining Permit Bond Release

James Matheny presented the Liberty Fuels, LLC (“Liberty Fuels”) requested surface coal mining permit bond release. Liberty Fuels, located at 4707 Highway 493 in DeKalb, Kemper County, requested a Phase I and II bond release on 1427 acres of Surface Coal Mining Permit No. MS-003. Liberty Fuels requested a Phase I and II release of reclamation obligations for backfilling and grading, on approximately 1427 acres that was used as the Liberty Mine. Mining operations and ancillary mining activities were conducted on the land related to the requested release. Liberty Fuels sought a reduction in the total bond amount of \$13,248,225. The requested bond release sought a reduction in the total bonded amount to \$450,000 for the duration of the liability period. The Surface Coal Mining Regulations require the amount of the bond to be sufficient to cover the cost of re-establishing vegetation if completed by a third party. Liberty Fuels provided a budgetary quote from a contractor familiar with the area for \$343,950. The quote covered replanting vegetation and trees on approximately 450 acres of disturbed land as well as miscellaneous equipment hours for minor erosion control. The bond release notification was published in the *Kemper Messenger*, the *Meridian Star*, and the *Clarion Ledger* for 4 consecutive weeks. Bond release notifications were sent by certified mail to adjoining property owners, surface owners, as well as the required local government bodies. The bond release area consisted of Forestry and Developed Water Resource land use areas. Liberty Fuels retained 4 ponds as permanent structures. Mr. Matheny indicated that the bond release area is in compliance with the approved post mine topography and with the approved post mine land use. No roads in this bond release area will be returned to the public domain. A bond release inspection was conducted on November 29, 2023, with Liberty Fuels personnel, landowners and MDEQ. MDEQ received no objections to the proposed bond release. Chair Dockery asked if anyone from the public wished to comment, but there was no response from the audience. Mr. Matheny, on behalf of MDEQ staff, recommended the approval of the Liberty Fuels’ requested surface coal mining permit bond release.

On motion by Les Herrington and second by Chris Hawkins, the Permit Board voted to accept MDEQ staff recommendation presented by James Matheny and approve the recommended surface coal mining permit bond release proposed by Liberty Fuels, LLC related to permit MS-003. Chair David Dockery abstained.

Office of Pollution Control Environmental Permits Division

Municipal Branch

**Great River Utility Operating Company, LLC
Mill Creek Subdivision
Warren County, MS**

Siting Criteria Buffer Zone Variance Request MS0054721

Bradley Crain, MDEQ, Office of Pollution Control, Environmental Permits Division, Director of the Municipal Branch, presented the proposed siting criteria buffer zone variance request. Great River Utility Operating Company, Inc. (“Great River”) requested a variance to the regulatory siting criteria for the location of a proposed addition to the Mill Creek Wastewater Treatment Facility in Vicksburg, Warren County. The request was to reduce siting criteria from the regulatory requirement of 150 feet to 54 feet from the treatment facility to the property boundary for the installation of a chlorine contact chamber and de-chlorination system. The neighboring landowners, the Patels, received notice of the requested variance as required by the applicable siting criteria regulation-11 Miss. Admin. Code Pt. 6, R.1.1.1.C(2)(f). The Permit Board members were previously provided with copies of Great River’s request for a variance; the notification letter to the neighboring landowners informing them that they could appear at the Permit Board meeting and comment; and relevant maps. MDEQ staff did not make a recommendation. Ronnie Blackwell, an environmental consultant for Great River, spoke in favor of the requested variance. Subsequently, Chair Dockery asked if there was any other public comment, but no one in the audience responded.

Thereafter, on motion by Les Herrington and second by Doug Mann, the Permit Board voted to grant and approve Great River’s buffer zone siting criteria variance request.

Waste Division: Solid Waste Permitting Branch and Environmental Permits Division: Water II Branch

**Quad County Environmental Solutions, LLC;
Quad County Landfill
Marshall County**

Modification of Solid Waste Management Permit SW0470010580 And Modification of NPDES Storm Water Permit MSS062383

Trent Jones, MDEQ, Office of Pollution Control, Director of the Waste Division, presented Quad County Environmental Solutions, LLC’s (“Quad County”) proposed modification of Solid Waste Management Permit No. SW0470010580 and NPDES Stormwater Permit No. MSS062383 for the proposed expansion (an additional 25.04 acres of disposal area-which would total 135.14 acres and 41-foot height increase) and change of more than 50% of the ownership of the permittee related to the Quad County Landfill in Marshall County. The Permit Board was previously provided the public notice for the permit modifications; the Northeast Mississippi Solid Waste Management Authority (“Northeast”) written public comments;

MDEQ's solid waste management permit rationale for the modification; the proposed modified solid waste management permit; MDEQ's NPDES stormwater permit rationale for the modification; and the proposed modified NPDES stormwater permit. Mr. Jones indicated Northeast was concerned about Quad County's service area which overlapped part of Northeast's service area. The Quad County service area was previously approved by the Mississippi Commission on Environmental Quality and is not within the jurisdiction of the Permit Board. Mr. Jones then recommended that the Permit Board issue the modification of Solid Waste Management No. SW0470010580 and the modification of NPDES Storm Water Permit No. MSS062383 to Quad County in separate actions.

Subsequently, Chair Dockery asked if there was any public comment, but no one in the audience responded. Permit Board member Doug Mann and Permit Board member Chris McDonald asked questions which Mr. Jones answered.

On motion by Chris Hawkins and second by Les Herrington, the Permit Board voted to approve the MDEQ staff recommendation and issue the modification of Solid Waste Management Permit No. SW0470010580 to Quad County Environmental Solutions, LLC.

On motion by Chris McDonald and second by Doug Mann, the Permit Board voted to approve the MDEQ staff recommendation and issue modification of NPDES Storm Water Permit No. MSS062383 to Quad County Environmental Solutions, LLC.

Waste Division: Solid Waste Permitting Branch

**Madison South Rubbish Land Fill, Inc.
Madison South Rubbish Landfill (Class I Rubbish Site)
Madison County**

**Reissuance without Modification of:
Solid Waste Management Permit
SW0450020526**

Trent Jones presented Madison South Rubbish Landfill, Inc.'s proposed renewal (without modification) of Solid Waste Management Permit No. SW0450020526 for a Class I Rubbish site in Madison County. The Permit Board was previously provided the public notice for the solid waste management permit renewal; the City of Ridgeland comments; MDEQ's response to the City of Ridgeland; MDEQ's revised solid waste management permit rationale for reissuance; and the proposed revised draft solid waste management permit. Mr. Jones indicated the City of Ridgeland was concerned with the applicability of local ordinances and certain aspects of the rubbish site operations. MDEQ previously provided a response to the City and modified some aspects of the draft permit. Mr. Jones then recommended that the Permit Board issue the renewal of Solid Waste Management Permit No. SW0450020526 to Madison South Rubbish Landfill, Inc.

Chair Dockery asked if there was any public comment, but there was no response from the audience. Permit Board member Doug Mann asked a question about the City of Ridgeland's comments which was answered by Mr. Jones and Roy Furrh, General Counsel, MDEQ.

On motion by Doug Mann and second by Chris Hawkins, the Permit Board voted to approve MDEQ Staff recommendation and reissue Solid Waste Management Permit No. SW0450020526 to Madison South Rubbish Landfill, Inc.

OTHER BUSINESS

Roy Furrh added to Les Herrington's opening statements related to the loss of Krystal Rudolph Beasley from MDEQ's standpoint and mentioned that she was a wonderful example for MDEQ co-workers; a mentor; a leader; and recounted her many presentations to the Permit Board.

CONFIRMATION OF THE NEXT REGULAR PERMIT BOARD MEETING

Chair Dockery confirmed the next Permit Board meeting for Tuesday, January 9, 2024.

MEETING ADJOURNED

On motion by Chris McDonald and second by David Snodgrass, the Permit Board voted to adjourn the meeting.

There being no further business to come before the Permit Board, Chair David Dockery adjourned the meeting.

DATED at Jackson, Mississippi, this the 12th day of December 2023.

CHRIS WELLS
EXECUTIVE DIRECTOR

DAVID DOCKERY
PERMIT BOARD CHAIR
