Outer Container

All cremated remains mailings must utilize the USPS-produced Cremated Remains (BOX-CRE) outer packaging, found on usps.com.

Insert your inner container into a sealed plastic bag, then place in the shipping box and add padding to the bottom, sides, and top to ensure there is no movement of contents during transit.

Note: It is recommended that you attach a slip of paper to the sealed plastic bag with the complete return and delivery addresses and the words "Cremated Remains" in the event the

AGENCY: National Institutes of Health (NIH), Department of Health and Human Services (HHS).

ACTION: Final rule; delay of effective date.

SUMMARY: On January 16, 2025, the Department of Health and Human Services published a final rule to make effective the exemptions that were previously proposed for a new Privacy Act system of records, "NIH Police Records," maintained by the National Institutes of Health (NIH), from certain requirements of the Act. That final rule was originally scheduled to take effect on February 18, 2025. This document announces that the effective date is delayed until March 21, 2025, in response to the memorandum titled "Regulatory Freeze Pending Review," issued by the President on January 20, 2025.

DATES: As of February 18, 2025, the effective date of the final rule published on January 16, 2025 (90 FR 4673), is delayed to a new effective date of March 21, 2025.

SUPPLEMENTARY INFORMATION: On January 16, 2025, HHS issued a final rule (90 FR 4673) to make effective the exemptions that were proposed (89 FR 48536) for a new Privacy Act system of records maintained by NIH from certain requirements of the Act. The new system of records covers criminal and non-criminal law enforcement investigatory material maintained by the NIH Division of Police, a component of NIH which performs criminal law enforcement as its principal function. The exemptions are necessary and appropriate to protect the integrity of law enforcement proceedings and records compiled during the course of NIH Division of Police activities, prevent disclosure of investigative techniques, and protect the identity of confidential sources involved in those activities.
