AMENDMENT #1

RESPONSES TO QUESTIONS/CLARIFICATION REQUESTS

Procurement Number: RFx3140004123 MDEQ-RFQ03312025

To Provide: Professional Engineering Services for Environmental Assessments and Remediations.

1. **Question:** Section 4.2 Subpart F states: A listing of other contracts under which services are similar in scope, size, or discipline to the required services performed or undertaken within the past three (3) years, as specified in the Request for Qualifications.

Does MDEQ consider continuous selections for the same contract to current time as falling in the 3 year window (i.e. being selected for the same contract from 2015 to current time)?

Answer: Since the statement says within the past three years, this is for projects worked on in the past three years within the current contract.

2. **Question:** Does the 3 year limit apply to the current Professional Engineering Services for Environmental Assessments and Remediations contract? It was awarded in 2020 and thus work awarded during the earlier periods of the contract may be outside a 3 year window.

Answer: Yes. The respondent should only use the last three years of work of the contract if they wish to use those projects as examples of past work.

3. **Question:** Is the demonstration of Assessment and Remediation Experience and Past Performance (Section 2.3 A and B) limited to a specific time frame?

Answer: The last three years would be calendar years. Years 2022, 2023 and 2024.
