INSTRUCTIONS FOR SIGNATURES ON THE APPLICATION FOR ASBESTOS CONTRACTOR CERTIFICATION

Applications for contractor certification must be signed and dated by the applicant. This individual must be a “responsible official” for the business entity offering to perform, and performing, asbestos abatement activities. The applicant may also apply for contractor certification as a “duly authorized representative” in which case, a notification must be provided for such designation by the “responsible official” of the business entity affected. Definitions for the referenced roles are presented below.

Responsible Official –

- a. for a corporation, a responsible corporate officer. For the purposes of this section, a responsible corporate officer means: a president, secretary, treasurer, or vice president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative.*
- b. for a partnership or sole proprietorship: a general partner or the proprietor, respectively.*
- c. for any other business entity: the owner or duly authorized representative who can legally bind such business entity.*

Duly Authorized Representative –

A representative of a responsible official in accordance with corporate procedures who can legally bind the business and be responsible for actions, standards, requirements, and prohibitions under state and federal asbestos control regulations. Notification of the designation of the “duly authorized representative” must be submitted to Mississippi Department of Environmental Quality in writing and signed by a “responsible official” prior to any action by the “duly authorized representative” and/or submission of any documentation that requires an authorized signature.

The application form for contractor certification provides for two (2) signatures, the individual who is the qualifying applicant; and when applicable, acknowledgement and notification that the applicant is the “duly authorized representative” of the business entity. The required signature in the latter, must be a “responsible official” of the business entity through which the applicant performs business.

When completing **Part II** of the application, the signatures must be notarized.
