

MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY

NOTICE OF PERMIT BOARD UPDATE

PERMIT BOARD PRESENTATION DELAYED

This notice is to inform you that the Mississippi Department of Environmental Quality (MDEQ) has **postponed** the presentation of the Water Quality Certification (WQC2024006) and the request for coverage under the Large Construction Stormwater General Permit (MSR109651) for the Interconnecting Gulfport project.

The project was previously scheduled to be presented at the April 14, 2026, Permit Board meeting. A new presentation date has not yet been determined. Once the project is rescheduled for a future Permit Board meeting, MDEQ will issue an updated notification to all interested parties.

All previously submitted comments remain part of the official record and will be provided to the Permit Board when the project is presented.

Questions about this notification should be directed to: Carrie Barefoot, MDEQ Manager, 401/Stormwater Branch, 601-961-5249 or by e-mail cbarefoot@mdeq.ms.gov. Please feel free to distribute this notice at your discretion.
